Subject: Gov. Dunleavy"s potential appointee, Mr. Barrette to the AK BOG

I am strongly opposed to Mr. Barrette appointment.
He would definitely Not be impartial.

In his 2010 appointment, and before his removal, to the BOG he was quoted as saying " I will definitely be a representative for the Trappers"

During the questioning period of Mr. Barrette in 2010 it was indicated he was For Increasing Intensive Management Predator Control Programs, Removing Wildlife Buffer Zone around Denali Nat'l Park and was For Bear Baiting and not 'normal hunting capabilities to mention a few.

I do not think that shows any room for him considering both sides of issues of the BOG.
Also it would certainly prove to foster his personal business' of his Tannery and manufacturing Wolf Traps venues.

Please consider objectively before casting your approval…… thank you !
