To House Transportation Committee members:

I'm writing as someone who lives on the west side of town and who supports the Fish Creek trail extension. I pass by that area frequently during my dog walks. I oppose Representative Kopp's bill, HB 136, as it inappropriately puts the interests of a small number of residents over the interests of the larger community. In the past, a similar perspective resulted in the lack of a Tony Knowles Coastal Trail extension through South Anchorage, and Anchorage is worse off due to that perspective which killed the proposed extension.

Thank you for your efforts on behalf of Alaska.

Best regards,

Lois Epstein, P.E.
