As a lifelong Alaskan, I am writing to support passage of HB61. Access to and use of firearms, ammunition, and gun ranges is critical to life in the "Last Frontier" that is Alaska.

Firearms and ammo provide food security for many Alaskans; this is particularly important in emergencies when food shortages may occur. Access to gun ranges provides opportunities to hone gun safety and proficiency. For many, these elements are woven into the fabric of what it means to be an Alaskan. We need to have the means to provide for and protect ourselves and our families at all times regardless of emergency events.

Please pass HB61. Thank you for your service to Alaskans!
