Subject: Move HB 4 out of committee

Rep. Shaw,

You heard HB 1 and now HB 4. They are essentially the same thing.

Repeal of RCV is the #1 priority of the House Majority, to which you belong, and to the Republican Party. One of those two bills needs to move out of committee immediately, so it can get to the floor for a vote, and to the other body too. Since you are hearing HB 4, that would be the one I would guess you would move immediately. I do not understand your delay on this issue, frankly.
