FOR AN ACT ENTITLED

"An Act establishing a pilot program for charter schools; and providing for an effective date."

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

* Section 1. ESTABLISHMENT OF CHARTER SCHOOLS. (a) A charter school may be established as provided under this Act upon the approval of the local school board and the state Board of Education of an application for a charter school. The state Board of Education may not approve more than 30 charter schools to operate in the state at any one time and shall approve charter schools in a geographically balanced manner as follows: not more than 10 schools in Anchorage; not more than five schools in Fairbanks; not more than three schools in the Matanuska-Susitna Borough; not more than three schools in the Kenai Peninsula Borough; not more than two schools in the City and Borough of Juneau; not more than seven schools located in other areas of the state, and these seven schools shall be allocated as nearly as possible in a geographically balanced manner throughout the rest of the state.

(b) A local school board shall prescribe an application procedure for the establishment of a charter school.
of a charter school in that school district. The application procedure must include provisions for an academic policy committee consisting of parents of students attending the school, teachers, and school employees and a proposed form for a contract between a charter school and the local school board, setting out the contract elements required under sec. 2(c) of this Act.

(c) A local school board shall forward to the state Board of Education applications for a charter school that have been approved or denied by the local board.

* Sec. 2. ORGANIZATION AND OPERATION OF A CHARTER SCHOOL. (a) A charter school operates as a school in the local school district except that the charter school (1) is exempt from the local school district's textbook, program, curriculum, and scheduling requirements; (2) is exempt from AS 14.14.130(c); the principal of the charter school shall be selected by the academic policy committee and shall select, appoint, or otherwise supervise employees of the charter school; and (3) operates under the charter school's annual program budget as set out in the contract between the local school board and the charter school under (c) of this section. A local school board may exempt a charter school from other local school district requirements if the exemption is set out in the contract.

(b) A charter school shall

(1) keep financial records of the charter school;

(2) oversee the operation of the charter school to ensure that the terms of the contract required by (c) of this section are being met; and

(3) meet regularly with parents and with teachers of the charter school to review, evaluate, and improve operations of the charter school;

(4) meet with the academic policy committee at least once each year to monitor progress in achieving the committee's policies and goals.

(c) A charter school shall operate under a contract between the charter school and the local school board. A contract must contain the following provisions:

(1) description of the educational program;

(2) specific levels of achievement for the education program;

(3) admission policies and procedures;

(4) administrative policies;

(5) statement of the charter school's funding allocation from the local school
board and costs assignable to the charter school program budget;

(6) method by which the charter school will account for receipts and expenditures;

(7) location and description of the facility;

(8) name of the teacher, or teachers, who, by agreement between the charter school and the teacher, will teach in the charter school;

(9) teacher-to-student ratio;

(10) number of students served;

(11) the term of the contract, not to exceed a term of five years;

(12) a termination clause providing that the contract may be terminated by the local school board for the failure of the charter school to meet educational achievement goals or fiscal management standards, or for other good cause;

(13) a statement that the charter school will comply with all state and federal requirements for receipt and use of public money;

(14) other requirements or exemptions agreed upon by the charter school and the local school board.

(d) A charter school may be operated in an existing school district facility or in a facility within the school district that is not currently being used as a public school, if the chief school administrator determines the facility meets requirements for health and safety applicable to other public schools in the district.

* Sec. 3. FUNDING FOR CHARTER SCHOOL. (a) A local school board shall provide an approved charter school with an annual program budget. The budget shall be not less than the amount generated by the students enrolled in the charter school less administrative costs retained by the local school district, determined by applying the indirect cost rate approved by the Department of Education. The "amount generated by students enrolled in the charter school" is to be determined in the same manner as it would be for a student enrolled in another public school in that school district.

(b) The program budget of a charter school is to be used for operating expenses of the educational program of the charter school, including purchasing textbooks, classroom materials, and instructional aids.

(c) The charter school shall provide the financial and accounting information requested
by the local school board or the Department of Education, and shall cooperate with the local
school district or the department in complying with the requirements of AS 14.17.190.

* Sec. 4. ADMISSION. (a) The program of a charter school may be designed to serve

(1) students within an age group or grade level; or

(2) students who will benefit from a particular teaching method or curriculum.

(b) A charter school shall enroll all eligible students who submit a timely application,
unless the number of those applications exceeds the capacity of the program, class, grade
level, or building. In the event of an excess of those applications, the charter school and the
local school board shall attempt to accommodate all of those applicants by considering
providing additional classroom space and assigning additional teachers from the district to the
charter school. If it is not possible to accommodate all eligible students who submit a timely
application, students shall be accepted by random drawing. A school board may not require
a student to attend a charter school.

(c) In addition to other requirements of law, a charter school shall be nonsectarian.

* Sec. 5. TEACHER OR EMPLOYEE TRANSFERS, EVALUATIONS, AND NEGOTIATED AGREEMENTS. (a) A teacher or employee may not be assigned to a charter
school unless the teacher or employee consents to the assignment.

(b) All provisions of an existing negotiated agreement or collective bargaining
agreement applicable to a teacher or employee of a district apply to that teacher or employee
if employed at a charter school in that district, unless the district and the bargaining unit
representing the teacher or employee agree to an exemption.

(c) A teacher in a charter school shall be evaluated in an equivalent manner as all
other teachers in the district, except that if there is no administrator assigned to the charter
school, the local school board, with the agreement of the charter school, shall designate a
school district administrator in that district to evaluate a teacher in a charter school.

* Sec. 6. CONTRACTS; DURATION. A contract for a charter school may be for a term
of no more than five years and may not extend beyond July 1, 2005.

* Sec. 7. REGULATIONS. The state Board of Education may adopt regulations under
