Chapter 37. Licensure of Child Care Facilities.

Sec. 14.37.005. Purpose; applicability. (a) The purpose of this chapter is to establish and maintain standard levels for services offered to children in child care facilities. The legislature recognizes the responsibility of parents to select and monitor caregivers for their children in order to ensure a reasonably safe and developmentally appropriate child care environment. The child care licensing procedures in this chapter are intended to reduce predictable risk of harm to children and to provide support services to those providing child care services.

(b) This chapter and regulations adopted under this chapter apply to facilities

(1) for which licensure is required by or under AS 14.37.015; or

(2) that are exempt under AS 14.37.015 from licensure but for which a license is issued under AS 14.37.015(c).

Sec. 14.37.010. Powers of department. (a) The department may

(1) license and supervise child care facilities;

(2) investigate applicants, licensees, and persons that the department reasonably believes are operating a facility without a license or certification in violation of this chapter;

(3) adopt regulations to implement the provisions of this chapter, including regulations establishing certification and licensure procedures, standards, and fees; establishing requirements for operation of facilities licensed under this chapter; and distinguishing between types of child care facilities;

(4) enter into agreements with private entities, municipalities, or individuals to investigate and make recommendations to the department for the licensing and supervision of child care facilities under procedures and standards of operation established by the department.

(b) The department shall, within 90 days after receiving a written request that it do so, delegate its powers relating to child care facilities under this chapter to a municipality that has adopted an ordinance providing for child care licensing under
home rule powers under AS 29.10.010 or as authorized under AS 29.35.200 - 29.35.210. A municipality to which these powers have been delegated may adopt, by ordinance, additional requirements for child care facilities operating within its boundaries if the requirements meet or exceed the requirements adopted by the department.

**Sec. 14.37.015. License required; exemptions.** (a) A person may not operate a child care facility without a license issued under this chapter unless that facility is exempt from licensure. The following facilities are exempt:

(2) a facility located on a United States Department of Defense or United States Coast Guard installation that is located on federal property;

   (A) is certified as a pre-elementary school under department regulations adopted under AS 14.07.020;

   (C) is operated as a headstart preschool that is required to meet the standards established under 42 U.S.C. 9836a;

(6) a temporary facility providing care for less than five continuous weeks;

(7) a facility regularly providing child care to four or fewer children unrelated to the caregiver;

(8) a facility in which the caregiver is a relative of all of the children.

(b) In addition to facilities that, under this section, are exempt from licensure, the department, by regulation, may provide for additional exemptions that the department considers appropriate.
(c) A person may apply for a license for a facility that is exempt from licensure under this section. The department may issue a license to an applicant under this subsection if the applicant meets the requirements of this chapter and regulations adopted under this chapter.

Sec. 14.37.017. Application for license. (a) Application for a license to operate a child care facility must be made to the department on a form provided by the department and must be accompanied by all applicable fees established by the department under AS 14.37.010(a)(3).

(b) An application submitted under this section must contain at least the following information:

(1) the name and address of the applicant and, if the applicant is a corporation, partnership, association, or another form of organization, the name, address, and title of each individual who has an ownership or management interest in the facility; if the applicant is an individual, the application must include the name, age, and driver’s license number, if any, of each member of the individual’s household;

(2) the name, physical location, and mailing address of the facility for which the license is sought;

(3) the name and address of the administrator of the facility, if any;

(4) evidence that the administrator is an adult with sufficient experience, training, or education to fulfill the duties of an administrator;

(5) a release for the administrator and for each other person who is 16 years of age or older, as specified by the department by regulation, who will have contact with individuals served by the facility authorizing the department to review all federal, state, and municipal criminal justice information, whether of this state, of a municipality of this state, or of another jurisdiction, medical records, licensing records, and protective services records, identified in regulations adopted under this chapter, that are relevant to the person who is the subject of the release;

(6) the number of individuals that will be served in the facility;

prevention and environmental health and safety authorities for operation of the facility, including any variances granted by these authorities;

(11) evidence that the applicant has completed orientation or training required by the department by regulation; and

(12) other information required by the department, by regulation, in order to monitor compliance with this chapter and regulations adopted under this chapter.

Sec. 14.37.020. Provisional license; biennial license. (a) The department shall issue a provisional license to a new facility that applies under AS 14.37.017 if, after inspection and investigation, the department determines that the application and plan of operation for the facility meet the requirements of this chapter and regulations adopted under this chapter. A provisional license is valid for a period not to exceed one year. The department may extend a provisional license for one additional period not to exceed one year.

(b) Before expiration of a provisional license issued under (a) of this section, the department shall inspect and investigate the facility in order to determine whether the facility is operating under the provisional license in compliance with this chapter and applicable regulations.

(c) Before expiration of a provisional license, the department shall issue a biennial license for the facility if (1) after inspection and investigation under (b) of this section, the department finds that the facility is operating in compliance with and meets the licensure requirements of this chapter and regulations adopted under this chapter; (2) none of the grounds for revocation set out in AS 14.37.130(a)(2) exist; and (3) all applicable fees have been paid. The department shall prepare a summary report of its findings and recommendations for issuance of a biennial license.

(d) The issuance of a license by the department does not obligate the
department to support the facility financially.

**Sec. 14.37.025. Denial of license; right to appeal.** (a) If the department denies an application for a license or decides not to issue a biennial license, the department shall hand deliver to the prospective licensee, or mail to the prospective licensee by certified mail, return receipt requested, a notice of denial of licensure. The notice must contain a summary of the department’s reasons for denial of the license and a form for requesting a hearing under (b) of this section.

(b) A prospective licensee who was denied licensure may appeal the department’s decision by requesting a hearing, on the form provided by the department, within 15 days after receipt of the notice of denial of licensure.

**Sec. 14.37.027. Variances.** (a) The department may grant to an applicant for a license under this chapter, or to a licensee, a variance from a requirement of this chapter or a regulation adopted under this chapter if that person submits to the department, on a form provided by the department, a complete variance request as required by this section. A variance may be granted if

(1) the applicant or licensee proposes an alternative means, acceptable to the department, to satisfy the intent of the requirement for which the variance is requested; and

(2) the health and safety of children is adequately protected.

(b) A request for a variance must contain the following information:

(1) the statute or regulation from which the variance is sought;
(2) the reasons why the variance is needed;
(3) the period of time for which the variance is requested;
(4) the proposed alternative means of satisfying the intent of the requirement for which the variance is requested;
(5) a statement as to how the health and safety of children will be protected during the period of the variance; and
(6) assurance that the conditions of the facility do not present an imminent danger to the health or safety of individuals served by the facility.

(c) To evaluate a request for a variance, the department shall take one or more of the following actions:
(1) investigate the statements in the request;
(2) inspect the facility;
(3) schedule a conference with the applicant or licensee regarding the variance request.

(d) The department’s decision approving or denying a variance must be in writing, and the department shall provide a copy of the decision to the person requesting the variance. If the department grants the variance, the decision must state the term of and conditions of the variance.

(e) If an applicant or licensee violates a condition of a variance granted under this section, the variance is terminated.

Sec. 14.37.029. Content of license; posting. (a) A license issued under this chapter must state
(1) the period of time during which the license is in effect;
(2) the name of the facility;
(3) the type of facility;
(4) the name of the licensee;
(5) the location and mailing address of the facility;
(6) the number and age range of children that the facility may have in care at any time;
(7) all conditions set by the department;
(8) variances approved by the department for the duration of the license; and
(9) the address and phone number of the nearest department office that is responsible for administering this chapter or of the department representative responsible for evaluating that facility under AS 14.37.010(a)(4).

(b) A licensee shall post the license in a conspicuous place in the facility, visible to individuals in care and their families and to facility staff. If the department has approved a variance that is not stated on the license, the licensee shall post a copy of the variance near the license.

Sec. 14.37.033. Licenses not transferable. A license may be issued under this chapter only for the location and person named in the application. A license
issued under this chapter may not be transferred to another person or location.

Sec. 14.37.037. Orientation and training. The department, by regulation, may require that an applicant or licensee complete orientation or training to assist that person in operating under the license.

Sec. 14.37.039. Records required. (a) In accordance with regulations adopted by the department, a licensee shall keep the records regarding each individual in its care that are necessary to show compliance with this chapter and regulations adopted under this chapter.

(b) The department’s licensing records, with the names of all individuals in care and parents of minors in care deleted to protect the confidentiality of those individuals, are available for public inspection, except for

(1) material made confidential by state or federal statutes or regulations;
(2) material that is part of an uncompleted licensing or complaint investigation;
(3) records that would deprive an applicant, licensee, or other person of a fair and impartial hearing; and
(4) records for which the department determines that disclosure would constitute an unwarranted invasion of personal privacy.

(c) A government agency that provides funding to a facility licensed under this chapter may have access to that facility’s records in order to conduct an audit.

Sec. 14.37.043. Monitoring; investigation. (a) By the first anniversary of the effective date of a biennial license, including a renewed biennial license, the licensee shall submit an annual self-monitoring report to the department. The department shall specify, by regulation, the contents of the report.

(b) To encourage parents of children in child care facilities to become involved in day-to-day monitoring of the care provided by the facilities, the department shall require licensees to give to parents of children in child care in the licensee’s facility a summary of the regulatory requirements that apply to the facility and the department’s or department representative’s telephone contact number for reporting a concern regarding child care. The department also may provide notice of the telephone contact numbers for reporting child care concerns.
(c) The department may conduct an investigation, including announced or unannounced on-site inspections, for ongoing monitoring or to assist in its review of an annual self-monitoring report.

Sec. 14.37.045. Biennial license renewal. (a) At least 90 days before the expiration date of a biennial license, a licensee who wishes to remain licensed shall submit, on a form provided by the department, an application for renewal of the license and any associated variances.

(b) Before expiration of a biennial license, the department or its representative shall inspect a facility that is the subject of a renewal application.

(c) The department shall renew a biennial license if the department finds that

(1) the licensee

(A) either is in compliance with this chapter and regulations adopted under this chapter or is substantially in compliance and has implemented a plan of correction, approved by the department, that is designed to bring the facility into full compliance; and

(B) has maintained the facility in good repair and is in compliance with all state fire safety and environmental health and safety code requirements;

(2) the ground for revocation set out in AS 14.37.130(a)(2) does not exist; and

(3) all applicable fees have been paid.

(d) If the licensee submits a renewal application within the time period required by the department by regulation, but the department is unable to complete its review before the expiration date of the biennial license, the license is automatically extended for six months or until the department completes its review and either approves or denies the application, whichever occurs first.

(e) If the department decides to approve an application for renewal, but finds that the applicant is not in compliance with a provision of this chapter, a regulation adopted under this chapter, or a condition on the license, the department, as a condition on the renewed biennial license, shall require the applicant to correct any violations and provide the department with verification of compliance.
(f) If the department denies an application for renewal, it shall provide the applicant with a notice of denial of application. The notice must contain a written statement of the reasons for denial and a form for requesting a hearing under (g) of this section.

(g) An applicant whose application is denied may appeal the department’s decision, on the form provided by the department, by requesting a hearing within 15 days after receipt of the notice of denial of application.

**Sec. 14.37.047. Notice of changes.** (a) A licensee shall provide the department with written notice of a change of mailing address at least 14 days before the effective date of the change.

(b) A licensee shall notify the department within 24 hours after having knowledge of a conviction or indictment, presentment, or charging by information or complaint of an administrator, regular volunteer, staff person, or member of the licensee’s household for a violation of the following laws or the laws of another jurisdiction with similar elements:

- (1) offenses against the family and vulnerable adults under AS 11.51;
- (2) perjury under AS 11.56.200;

(c) A licensee shall notify the department at least 20 days before the effective date of a decision to relinquish the license.

(d) A licensee shall notify the department at least 20 days before the date on which the licensee wishes to change the number of children in care or hours of operation.

(e) A licensee shall notify the department no later than one day after signing a contract for sale of the licensed facility.

(f) A licensee shall notify the department at least 30 days before the licensee wishes to change the location of the facility.

**Sec. 14.37.105. Complaints.** (a) A person who believes that a provision of this chapter, a regulation adopted under this chapter, or a condition of a license issued under this chapter has been violated may file a verbal or written complaint with the
department.

(b) The department shall investigate all complaints filed under this section unless the department reasonably concludes that the complaint is without merit.

(c) After an investigation under this section, the department shall prepare a written report of investigation and shall mail a copy to the licensee or other person who is the subject of the complaint, and to the complainant if requested. If the department determines that a violation of this chapter, a regulation adopted under this chapter, or a condition of a license issued under this chapter has occurred, the department’s report of investigation must contain the following:

1. a description of the violation;
2. a citation to the provision of this chapter or the regulation that has been violated, if applicable; and
3. either
   (A) a date by which the violation must be corrected and a verification of compliance submitted to the department; or
   (B) a plan of correction.

(d) A licensee may submit to the department a written response regarding a report of investigation relating to that facility. The department shall retain the written response in the licensing file.

(e) A licensee may not take retaliatory action against a person who files a complaint. A complainant against whom retaliatory action has been taken may recover treble damages in a civil action upon a showing that the action was taken in retaliation for the filing of a complaint.

Sec. 14.37.110. Investigations; search warrants. (a) An applicant for a license, or a licensee, shall cooperate with the department for purposes of licensing investigations, investigations relating to ongoing monitoring of the facility, or investigations under AS 14.37.105 by

1. permitting representatives of the department to inspect the facility, review records, interview staff, and interview individuals in care; and
2. providing to the department information and documentation requested by the department to determine compliance with this chapter and regulations
adopted under this chapter.

(b) Following an investigation relating to ongoing monitoring of a facility or relating to a facility that the department believes is operating without a license in violation of this chapter, the department shall prepare and distribute a written report of investigation as described in AS 14.37.105(c), and the facility may submit a response as described in AS 14.37.105(d).

(c) The department may seek a search warrant to inspect a facility if

(1) the department has probable cause to believe that the facility is operating without a license in violation of this chapter and the facility operator refuses to allow an inspection by the department; or

(2) the licensee refuses to allow an inspection of the facility by the department.

Sec. 14.37.120. Enforcement actions. (a) During an investigation under this chapter, the department may, by written notice, suspend operations of the facility if the department has reasonable cause to believe that a violation is occurring that presents an imminent danger to the health or safety of the individuals in care. A suspension under this subsection continues for the time period set by the department and may continue until the department issues a report of investigation under AS 14.37.105(c) or 14.37.110(b).

(b) If, after an investigation under this chapter, the department has determined that a violation of this chapter or a regulation adopted under this chapter has occurred or a ground for revocation or nonrenewal set out in AS 14.37.130 exists, has issued a report of investigation under AS 14.37.105(c) or 14.37.110(b), and has determined that voluntary compliance or a plan of correction is not appropriate, the department may take one or more of the following enforcement actions as the department considers appropriate:

(1) delivery of a warning notice to the licensee or other person who is the subject of the investigation;

(2) modification of the term of an existing license or reduction of the number of children for whom care can be provided;

(3) suspension of operations of the facility for a period of time set by
the department;

(4) suspension of new enrollment in the facility for a period of time set by the department;

(5) nonrenewal of the license;

(6) revocation of the license;

(7) issuance of an order requiring immediate closure of the facility;

(8) assessment of an administrative fine of up to $500 for each day a violation continues, not to exceed a total of $5,000 for a violation.

(c) The department shall provide the licensee or other person who is the subject of an investigation with written notice of the department’s decision under (b) of this section to take enforcement action. The notice must contain a form for requesting a hearing under (d) of this section and must describe

(1) the condition, if any, in the facility that constitutes a violation of this chapter or a regulation adopted under this chapter;

(2) each enforcement action that will be taken;

(3) the licensee’s or other person’s right to appeal the department’s decision to take an enforcement action described in (b)(2) - (8) of this section.

(d) A licensee or other person to whom a notice has been provided under (a) or (c) of this section may appeal the department’s decision to impose an enforcement action described in (a) or (b)(2) - (8) of this section by filing a written request for a hearing, on the form provided by the department, within 15 days after receipt of the notice of enforcement action.

(e) Unless the violation that prompted enforcement action under (b) of this section presents an imminent danger to the health or safety of the individuals in care, an enforcement action described in a notice provided under (c) of this section may not be imposed until

(1) the time period for requesting a hearing under (d) of this section has passed without a hearing being requested; or

(2) the department makes a final decision following a hearing requested under (d) of this section.

(f) If a hearing is requested under (d) of this section, the department’s decision
following the hearing is a final administrative order.

(g) If a hearing is not requested under (d) of this section, the department’s notice of enforcement action constitutes a final administrative order, which the department may seek the court’s assistance in enforcing.

(h) A licensee whose license was revoked or not renewed under this section may not reapply for licensure under this chapter until after the time period, if any, set by the department in its final administrative order. If a time period is not set by the department, the revocation or nonrenewal is permanent, and the former licensee may not again apply for licensure under this chapter.

(i) Assessment of an administrative fine under this section does not preclude imposition of a criminal penalty under AS 14.37.820.

Sec. 14.37.130. Grounds for license revocation or nonrenewal. (a) In addition to the ground of violation of this chapter or a regulation adopted under this chapter, the department may revoke or decline to renew a license issued under this chapter on one or more of the following grounds:

(1) failure to submit a timely and complete renewal application;

(2) the indictment or charging by information or complaint, or a criminal conviction within the last 10 years, of the licensee or administrator, member of the licensee’s household who is present in the facility at any time the facility is in operation, regular volunteer, or staff person for

(A) a felony;

(B) a misdemeanor crime of assault, reckless endangerment, contributing to the delinquency of a minor, or misconduct involving a controlled substance; or

(C) the crime of perjury, as defined in AS 11 or the laws of another jurisdiction;

(3) the conviction, indictment, presentment, or charging of the licensee or an administrator, member of the licensee’s household who is present in the facility at any time the facility is in operation, regular volunteer, or staff person at any time for a violation or attempted violation of an offense included in the definitions of "serious offense" under AS 12.62.900;
(4) obtaining or attempting to obtain or retain a license under this chapter by fraudulent means, misrepresentation, or by submitting false information;

(5) failure to correct a violation noted in a report of investigation provided under AS 14.37.105(c) or 14.37.110(b);

(6) failure to comply with a final administrative order issued by the department under AS 14.37.120.

(b) A licensee may voluntarily relinquish the license or withdraw an application for renewal.

Sec. 14.37.800. Administrative procedure. The administrative adjudication provisions of AS 44.62 (Administrative Procedure Act) apply to an appeal from a department decision under this chapter relating to denial, involuntary conditioning, or revocation of a license, suspension of operations or admissions, or assessment of an administrative fine.

Sec. 14.37.810. Immunity from liability. (a) A person operating under agreement with the department under AS 14.37.010(a)(4) is immune from civil liability that might otherwise be incurred or imposed for acts or omissions that occurred during the performance of the person’s duties on behalf of the department if the person was operating within the scope of the duties delegated to the person under the agreement.

(b) The department and its employees are not liable for civil damages as a result of an act or omission in the licensing, monitoring, or supervision of a facility licensed under this chapter. This subsection does not preclude liability for civil damages as a result of gross negligence or reckless or intentional misconduct.

Sec. 14.37.820. Penalty. A person who violates a provision of this chapter or a regulation adopted under this chapter is guilty of a class B misdemeanor.

Sec. 14.37.900. Definitions. In this chapter,

In developing the priority list for targeted projects
and services, the department shall solicit comments from the [DEPARTMENT OF COMMUNITY AND REGIONAL AFFAIRS,] Department of Education and Early Development, the Department of Community [COMMERCE] and Economic Development, the University of Alaska, organized labor, the council, and the administrative entities of the substate service delivery areas established for the council. The department shall give preference to projects and services that train individuals in industries identified in the resident hire report required under AS 36.10.130 as employing a disproportionate percentage of nonresident individuals.

    (1) "council" means the Alaska Human Resource Investment Council established in AS 23.15.550 [AS 44.19.620];

    Sec. 23.15.700. Business incentive training program established. (a) There is established in the department the business incentive training program. The incentive program shall be administered as a supplement to the Job Training Partnership Act (P.L. No. 97-300).

    (b) The purpose of the incentive program is to encourage private industry to provide new job opportunities by offering assistance in training the new work force and in retraining existing employees to implement new technologies.

    Sec. 23.15.710. Administration. (a) The Alaska Human Resource Investment Council shall oversee the incentive program. The service delivery areas established under 29 U.S.C. 1511 and subject to redesignation under 29 U.S.C. 1515 shall be used in the administration of the incentive program. The private industry councils appointed under 29 U.S.C. 1512 and subject to reconstitution under 29 U.S.C. 1515 shall serve as the private industry councils for the incentive program.

    (b) The council shall divide appropriations for the incentive program equally among the private industry councils. If a private industry council lacks sufficient money to fund a proposal, the private industry council may apply to the council for additional funding. The council may approve reallocation of money from one service delivery area to another to fund a particular proposal if it finds that the reallocation
will best serve the purposes of the program.

(c) The council shall adopt regulations under AS 44.62 (Administrative Procedure Act) to implement AS 23.15.700 - 23.15.810.

Sec. 23.15.720. Business incentive training plan. (a) A private industry council shall adopt a business incentive training plan for the service delivery area. The plan must extend for two years to coincide with the term for the Job Training Partnership Act (P.L. 97-300) and must contain

(1) identification of the entity or entities that will administer the incentive program and be the grant recipient for grants from the state;

(2) a description of the services to be provided, including the estimated duration of service and the estimated training cost per participant;

(3) procedures for identifying and selecting participants;

(4) performance goals established in accordance with standards under AS 23.15.780;

(5) procedures for awarding grants to businesses; and

(6) the budget for two program years and any proposed expenditures for the succeeding two program years in as much detail as required by the grant administrator designated under AS 23.15.740.

(b) If changes in labor market conditions, funding, or other factors require substantial deviation from an approved business incentive training plan, the private industry council and the appropriate elected municipal official or officials shall submit a modification of the plan and the budget for review under AS 23.15.730.

Sec. 23.15.730. Review and approval of business incentive training plan. The business incentive training plan shall be published and made available for review and comment as an attachment to the job training plan as set out in 29 U.S.C. 1515. The business incentive training plan is subject to review and approval by the governor.

Sec. 23.15.740. Business incentive training grants. (a) Each private industry council shall designate an administrative entity to be the grant recipient and administrator for the region. An employer may apply to the grant administrator for a business incentive grant if the employer is a private for-profit or nonprofit corporation, partnership, or sole proprietor business. The grant administrator shall review
applications and award grants.

(b) Each grant administrator is responsible for the allocation of funds and the eligibility of those enrolled in its programs. The grant administrator is responsible for taking action against its subcontractors, subgrantees, and other recipients to eliminate abuses in the programs they are carrying out, and to prevent misuse of funds. If the arrangement is included in an approved job training plan, a grant administrator may delegate the responsibility for determining eligibility under reasonable safeguards, including provisions for reimbursement of costs incurred because of erroneous determinations made with insufficient care.

(c) A business incentive training grant shall be used to recruit and train eligible employees for newly created permanent or permanent seasonal positions or to enable existing employees to acquire the skills necessary to qualify the employee to implement new technologies. A business incentive training grant may be used for occupations for which there is a demand in the area served or in another area to which the participant is willing to relocate and for emerging technologies in the state. In selecting recruiting and training programs, the private industry councils and the grant administrators may consider whether the occupation in which recruiting or training is sought is in a sector of the economy that has a high potential for sustained demand or growth.

(d) Only individuals eligible under the business incentive training plan and residing in the service delivery area may be participants in employment and training activities funded under the business incentive training program. To be eligible for training or education services under AS 23.15.700 - 23.15.810, immediately before beginning training or education under the program a person shall

(1) have been unemployed and

(A) receiving unemployment insurance benefits; or

(B) have exhausted the right to unemployment insurance benefits within the past three years;

(2) be liable to be displaced from work within the next six months because of

(A) reductions in overall employment within the business;
(B) elimination of the person’s current job; or
(C) a change in the conditions of the employee’s job requiring
that, to remain employed, the employee must have substantially different skills
that the employee does not now possess; or
(3) have worked in a position covered by AS 23.20 at any time during
the last three years and be ineligible for unemployment insurance benefits because the
person
(A) was working in a seasonal, temporary, part-time, or other
marginal employment;
(B) has insufficient qualifying wages because of limited job
opportunities; or
(C) is employed, but, because the person is underemployed, the
person needs employment assistance and training to obtain full employment.
(e) Payments to employers for on-the-job training of participants who
experience multiple barriers to employment or are eligible under the Job Training
Partnership Act (P.L. 97-300) may not average more than 80 percent of the wages paid
by the employer to the participant. Payments to employers for on-the-job training of
other participants may not average more than 50 percent of the wages paid by the
employer to participants. The payments shall be considered to be in compensation for
the extraordinary costs associated with training employees for new positions and the
lower productivity of the participants.
(f) A grant made under the business incentive training program may not be
used to duplicate facilities or services available in the area from federal, state, or local
sources unless the business incentive training plan establishes that services or facilities
under the program would be more effective or more likely to achieve performance
goals.
(g) A fee may not be charged for placing an individual in or referring an
individual to a training program under AS 23.15.700 - 23.15.810.
(h) A business incentive training grant may not be awarded to a program that
involves political activities.
(i) An employer at whose request a participant is offered training shall fulfill
the obligation to offer a successful participant in the business incentive training program a position or promotion, as applicable. A participant is considered successful if the participant satisfactorily completes the training program in which the participant was enrolled.

Sec. 23.15.750. Compensation for participants. (a) A trainee may not receive a payment for training activities in which the trainee fails to participate.

(b) An individual in on-the-job training shall be compensated by the employer at the same rates, including periodic increases, as similarly situated employees or trainees and in accordance with applicable law. However, an individual may not be paid less than the state minimum wage under AS 23.10.065 whether or not the individual is exempt under AS 23.10.055 or 23.10.070.

(c) An individual employed in activities authorized under the business incentive training program other than on-the-job training shall be paid wages that are not less than the highest of

1. the state minimum wage under AS 23.10.065;
2. the prevailing rate of pay for individuals employed in similar occupations by the same employer; or
3. the prevailing rate of wages under AS 36.05 or 40 U.S.C. 276a-276a-5, if applicable.

(d) Allowances, earnings, and payments to individuals participating in programs under the business incentive training program may not be considered as income in determining eligibility for and the amount of income transfer and in-kind aid furnished under a state program based on need, other than programs under the Social Security Act.

(e) Conditions of employment and training must be appropriate and reasonable in light of factors including the type of work, geographical region, and proficiency of the participant.

(f) An individual employed in a subsidized job under the business incentive training program shall be provided benefits and working conditions at the same level and to the same extent as other employees working a similar length of time and doing the same type of work.
(g) Money from a grant under the business incentive training program may not be used for contributions on behalf of a participant to retirement systems or plans.

Sec. 23.15.760. Reporting and record keeping. (a) A grant administrator shall maintain records of each participant’s enrollment in a business incentive training program in sufficient detail to demonstrate compliance with AS 23.15.700 - 23.15.810.

(b) The council shall adopt regulations concerning retention of records.

(c) The council shall, no later than February 1 of each year, prepare a report concerning the incentive program and notify the legislature that the report is available.

Sec. 23.15.770. Allowable costs. (a) To be allowable, a cost must be necessary and reasonable for proper and efficient administration of the program. The following costs are not allowable:

(1) costs resulting from violations of or failure to comply with federal, state, or local laws and regulations;

(2) entertainment costs; and

(3) insurance policies offering protection against debts established by the federal government.

(b) Personal liability insurance for members of the private industry council is an allowable cost.

Sec. 23.15.780. Performance standards. (a) The basic measure of performance for training programs under AS 23.15.700 - 23.15.810 is the increase in jobs in the area and in employment and earnings for participants resulting from participation in the program. In order to determine whether these standards are achieved, the governor shall adopt standards based on appropriate factors.

(b) The governor shall provide technical assistance to programs that do not meet performance criteria. If a program fails to meet performance standards for two consecutive years, the governor shall withdraw unencumbered funds from the program.

(c) An interested party who is harmed by a change made under this section is entitled to a hearing under AS 44.62 (Administrative Procedure Act).

Sec. 23.15.790. Limitation on certain costs. No more than 15 percent of the money available to a service delivery area for a fiscal year may be expended for the cost of administration. For purposes of this section, costs of program support,
including counseling, that are directly related to the provision of education or training to participants may not be counted as part of the cost of administration.

Sec. 23.15.800. Selection of service providers. (a) The primary consideration in selecting agencies or organizations to deliver services within a service delivery area is the effectiveness of the agency or organization in delivering comparable or related services based on demonstrated performance, in terms of the likelihood of meeting performance goals, cost, quality of training, and characteristics of participants. In complying with this subsection, proper consideration shall be given to community based organizations as service providers.

(b) Appropriate education agencies in the service delivery area shall be given the opportunity to provide educational services, unless the grant administrator determines that alternative agencies or organizations would be more effective or would have greater potential to enhance the participants’ continued occupational and career growth.

(c) The grant administrator may not fund an occupational skills training program unless the level of skills provided in the program is in accordance with guidelines established by the private industry council.
