Sec. 18.18.350. Disclosure of information. (a) A final report on deficiencies and approved plans of correction that is prepared by the department after a licensure inspection or investigation of a hospice program it licenses under this chapter shall be made available by the department to the public within 14 calendar days after the final report is made available to the hospice program being reviewed.

(b) The department may not publicly disclose information that identifies clients
of the program under review.

* Sec. 2. AS 18.18 is amended by adding new sections to read:

Article 4. Home Health Agencies.

Sec. 18.18.410. Purpose; applicability. (a) The purpose of AS 18.18.410 - 18.18.490 is to promote safe and adequate home health services for individuals by setting standards for home health agencies that will ensure quality of care, safeguard patient’s rights, and otherwise protect public health, safety, and welfare.

(b) AS 18.18.410 - 18.18.490 and the regulations adopted under those sections apply to agencies for which licensure is required under AS 18.18.430.

Sec. 18.18.420. Powers of department. The department may

(1) license home health agencies;

(2) inspect applicants and licensees, including subunits and branches of the licensee, and persons that the department reasonably believes are operating an agency without a license in violation of this chapter;

(3) consistent with the purposes identified in AS 18.18.410, adopt regulations to implement AS 18.18.410 - 18.18.490, including regulations establishing licensure and renewal procedures, inspection procedures, standards, fees, and requirements for operation of home health agencies;

(4) accept accreditation by the Joint Commission on the Accreditation of Health Organizations or another national accreditation organization recognized by the department in lieu of an inspection of a home health agency by the department for the year in which the accreditation was granted if the accreditation standards are substantially similar to the inspection standards of the department.

Sec. 18.18.430. License required. (a) An entity that establishes, conducts, or represents itself to the public as a home health agency must have a license from the department authorizing it to be a home health agency under AS 18.18.410 - 18.18.490.

(b) A parent agency or subunit of a home health agency must be located in the state. Each subunit must independently meet the requirements of this section and be issued a separate license. A branch office of the parent agency or of one of its subunits is not required to independently meet the requirements for licensure.

Sec. 18.18.440. Application for license. Application for a license to operate
a home health agency shall be made to the department on a form provided by the
department and shall be accompanied by applicable fees established by the department
under AS 18.18.420.

Sec. 18.18.450. Issuance and renewal of license. (a) Upon receipt of an
application for license and the license fee, the department shall issue a license if the
applicant meets the requirements established under AS 18.18.410 - 18.18.490. If the
applicant does not meet the requirements established under AS 18.18.410 - 18.18.490
but makes continued efforts to comply with them, the department may grant a
temporary or provisional license for a limited period of time.

(b) Each license issued is for the person, agency, corporation, partnership,
association, or other form of organization named on the application and is not
transferable or assignable except with the written approval of the department.

(c) The department shall establish the standards for license renewal and
determine the renewal period by regulation.

(d) A license is not renewable if it has been suspended or revoked under
AS 18.18.460.

Sec. 18.18.460. Denial, suspension, or revocation of license. (a) The
department may deny, change to a provisional license, or revoke a home health agency
application or license if the department finds that the agency

(1) has endangered or would endanger the health, safety, or welfare of
a patient;

(2) has a history of deficiencies in quality of care;

(3) has had a license to operate a home health agency revoked in any
licensing jurisdiction;

(4) has been convicted of operating a home health agency without a
license in any licensing jurisdiction;

(5) lacks a sufficient number of personnel who have the training,
experience, or judgment to provide adequate patient care;

(6) has committed fraud, deceit, misrepresentation, or dishonesty
associated with the application for or operation of a home health agency in any
licensing jurisdiction; or
(7) has violated regulations adopted under AS 18.18.410 - 18.18.490.

(b) The department may, without a hearing, summarily suspend a home health agency license if it finds that the actions or deficiencies of the agency cause an immediate and serious threat to the public health, safety, or welfare. A summary suspension remains in effect until the department finds that the actions or deficiencies are corrected or the license is revoked.

(c) The department may, without a hearing, change a home health agency license to a provisional license for a period of time established by the department if the department finds that an agency is temporarily unable to comply with AS 18.18.410 - 18.18.490 or is in the Medicare decertification process, but is taking the appropriate steps necessary to bring the agency into compliance. An agency holding a provisional license may not accept new patients. If the agency fails to correct its deficiencies within the provisional license period, the department shall revoke that agency’s license.

(d) Application denial and revocation actions by the department shall be conducted under AS 44.62 (Administrative Procedure Act).

Sec. 18.18.470. Disclosure of information. (a) A final report on deficiencies and approved plans of correction that is prepared by the department after a licensure inspection or investigation of a home health agency it licenses under this chapter shall be made available by the department to the public within 14 calendar days after the final report is made available to the home health agency being reviewed.

(b) The department may not publicly disclose information that identifies patients or clients of the home health agency under review.
