BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

THE ACT FOLLOWS ON PAGE 1
AN ACT

Relating to controlled substances; relating to the crimes of manslaughter, endangering the welfare of a child, and misconduct involving a controlled substance; relating to the manufacture of methamphetamine and to the sale, possession, and delivery of certain substances and precursors used in the manufacture of methamphetamine; relating to listing certain anabolic steroids as controlled substances; and providing for an effective date.

* Section 1. The uncodified law of the State of Alaska is amended by adding a new section to read:

PURPOSE OF SECS. 7 - 10. The purpose of secs. 7 - 10 of this Act is to protect the health and safety of persons in this state and to provide legislative findings concerning this Act regarding marijuana and its effects in this state.

* Sec. 2. The uncodified law of the State of Alaska is amended by adding a new section to
FINDINGS FOR SECS. 7 - 10. The type of marijuana available in the United States and Alaska today, and the changes in the patterns of usage of the drug, particularly by young Alaskans, Alaska Natives, and those undergoing alcohol treatment, pose a threat to the public health and welfare that justifies prohibiting possession in this state, even by adults at home. In this Act, the legislature has considered its duty to implement the right to privacy in art. I, sec. 22, Constitution of the State of Alaska, and its duty to promote the public health and welfare in art. VII, sec. 4, Constitution of the State of Alaska. The legislature has also considered its obligation to carry out the intent of the voters of Alaska in recriminalizing marijuana by ballot initiative in 1990, and in defeating ballot initiatives to again decriminalize marijuana in 2000 and 2004. To assist the courts in considering these issues, the legislature further finds that

(1) the potency of marijuana has increased dramatically since the 1960s and 1970s; the national average amount of delta-9-tetrahydrocannabinol (THC), the main psychoactive ingredient, was less than one percent then, but increased steadily in the 1980s and 1990s, and by 2003 was six times higher, at 6.4 percent; marijuana grown and available in Alaska is much more potent than the national average, and has been tested with THC levels over 20 percent; the average potency of Alaska marijuana for the period 1993-2003 was over 10 percent and for 2003 was nearly 14 percent; Alaska marijuana today commands hundreds of dollars per ounce on the illegal market and is often sold in smaller amounts within the price range of teenagers; the increasing potency of marijuana corresponds to an increase in substance abuse treatment admissions, particularly of youth 12 - 17 years of age, and in the number of persons seeking emergency medical care due to marijuana-related incidents;

(2) several hundred adults and children are admitted into treatment each year in Alaska for marijuana abuse, with more than half being children under 18 years of age; pregnant women in Alaska use marijuana at a higher rate than the national average;

(3) there is evidence that many users become dependent on marijuana under the clinical standards applied by the Diagnostic and Statistical Manual of Mental Disorders IV; studies have shown that use of marijuana and withdrawal from marijuana affect some of the same neurochemical processes as known addictive drugs; Marijuana Anonymous chapters to treat marijuana addicts exist in a majority of states in the country; this is persuasive evidence of marijuana's potential for users becoming dependent on it; currently, one-third of
all persons in Alaska treated for drug and alcohol problems are treated for marijuana abuse;

(4) early exposure of young people to marijuana increases the likelihood of lifelong health and social problems, makes it more likely that the person will later use more potent illegal drugs, and is associated with depression and an increased risk of attempting suicide;

(5) a high percentage of persons in treatment for alcohol abuse also abuse marijuana; although the relationship between marijuana and alcohol and other drugs is not fully understood, there is a correlative effect that makes it more difficult to treat alcoholism when marijuana is also used;

(6) marijuana consists of hundreds of different chemicals and can affect almost every organ and system in the body, including the lymph system, the heart, and the lungs; THC binds to receptors in the brain that should otherwise bind to naturally occurring brain chemicals; marijuana can affect memory, attention, judgment, and other cognitive functions and can impair motor coordination, time perception, and balance; marijuana smoke contains more carcinogenic hydrocarbons than tobacco smoke; marijuana often contains bacteria or fungi that are dangerous to humans, and is harvested and sold without removing pesticides and fungicides;

(7) a high percentage of persons arrested in this state, including adults and juveniles who commit violent offenses, have marijuana in their system at the time of the arrest; the percentage is particularly high for adults arrested for domestic violence who test positive for marijuana at the time of the arrest;

(8) if a parent uses marijuana, their children are four to five times more likely to become marijuana users; many high school students report that they have been able to get marijuana at home or from a relative; criminal penalties for possession of marijuana in the home will deter possession by adults and reduce its availability and accessibility to children; studies have shown that criminal penalties for possession of marijuana are effective in increasing the perception among teenagers of the risks of using the drug, thus reducing its use by young people;

(9) in Noy v. State, 83 P.3d 538 (Alaska App. 2003), the Alaska court of appeals allowed any person over 17 years of age to possess up to four ounces of marijuana in their home; at the same time, the court held that possession of four ounces could legitimately
be prohibited even in the home because it was reasonable for the legislature to conclude in
1982 that possession of four ounces is indicative of an intent to sell; the street value of
marijuana today is between $350 and $550 per ounce; the legislature heard evidence that
possession of four ounces or more indicates an intent to distribute; and therefore this is the
appropriate amount to justify a felony offense; the Noy decision also led the same court in
Crocker v. State, 97 P.3d 93 (Alaska App. 2004) to invalidate search warrants for commercial
marijuana-growing and, in the words of the dissenting chief judge, make it "difficult for the
state to enforce legitimate laws prohibiting the sale and possession of marijuana."

* Sec. 3. AS 11.41.120(a) is amended to read:

(a) A person commits the crime of manslaughter if the person

(1) intentionally, knowingly, or recklessly causes the death of another

person under circumstances not amounting to murder in the first or second degree;

[OR]

(2) intentionally aids another person to commit suicide; or

(3) knowingly manufactures or delivers a controlled substance in

violation of AS 11.71.010 – 11.71.030 or 11.71.040(a)(1) for schedule IVA

controlled substances, and a person dies as a direct result of ingestion of the

controlled substance; the death is a result that does not require a culpable mental

state; in this paragraph, "ingestion" means voluntarily or involuntarily taking a

substance into the body in any manner.

* Sec. 4. AS 11.71.020(a) is amended to read:

(a) Except as authorized in AS 17.30, a person commits the crime of

misconduct involving a controlled substance in the second degree if the person

(1) manufactures or delivers any amount of a schedule IA controlled

substance or possesses any amount of a schedule IA controlled substance with intent
to manufacture or deliver;

(2) manufactures any material, compound, mixture, or preparation that

contains

(A) methamphetamine, or its salts, isomers, or salts of isomers;

or

(B) an immediate precursor of methamphetamine, or its salts,
isomers, or salts of isomers;

(3) possesses an immediate precursor of methamphetamine, or the salts, isomers, or salts of isomers of the immediate precursor of methamphetamine, with the intent to manufacture any material, compound, mixture, or preparation that contains methamphetamine, or its salts, isomers, or salts of isomers; [OR]

(4) possesses a listed chemical with intent to manufacture any material, compound, mixture, or preparation that contains

(A) methamphetamine, or its salts, isomers, or salts of isomers;

or

(B) an immediate precursor of methamphetamine, or its salts, isomers, or salts of isomer;

(5) possesses methamphetamine in an organic solution with intent to extract from it methamphetamine or its salts, isomers, or salts of isomers; or

(6) under circumstances not proscribed under AS 11.71.010(a)(2), delivers

(A) an immediate precursor of methamphetamine, or the salts, isomers, or salts of isomers of the immediate precursor of methamphetamine, to another person with reckless disregard that the precursor will be used to manufacture any material, compound, mixture, or preparation that contains methamphetamine, or its salts, isomers, or salts of isomers; or

(B) a listed chemical to another person with reckless disregard that the listed chemical will be used to manufacture any material, compound, mixture, or preparation that contains

(i) methamphetamine, or its salts, isomers, or salts of isomers;

(ii) an immediate precursor of methamphetamine, or its salts, isomers, or salts of isomers; or

(iii) methamphetamine or its salts, isomers, or salts of isomers in an organic solution.

* Sec. 5. AS 11.71.020 is amended by adding a new subsection to read:
(d) In a prosecution under (a) of this section, possession of more than six grams of the listed chemicals ephedrine, pseudoephedrine, phenylpropanolamine, or the salts, isomers, or salts of isomers of those chemicals is prima facie evidence that the person intended to use the listed chemicals to manufacture, to aid or abet another person to manufacture, or to deliver to another person who intends to manufacture methamphetamine, its immediate precursors, or the salts, isomers, or salts of isomers of methamphetamine or its immediate precursors. The prima facie evidence described in this subsection does not apply to a person who possesses

(1) the listed chemicals ephedrine, pseudoephedrine, phenylpropanolamine, or the salts, isomers, or salts of isomers of those chemicals

(A) and the listed chemical was dispensed to the person under a valid prescription; or

(B) in the ordinary course of a legitimate business, or an employee of a legitimate business, as a

(2) less than 24 grams of ephedrine, pseudoephedrine, phenylpropanolamine, or the salts, isomers, or salts of isomers of those chemicals, kept in a locked storage area on the premises of a legitimate business or nonprofit organization operating a camp, lodge, school, day care center, treatment center, or other organized group activity, and the location or nature of the activity, or the age of the participants, makes it impractical for the participants in the activity to obtain medicinal products.

* Sec. 6. AS 11.71.030(a) is amended to read:

(a) Except as authorized in AS 17.30, a person commits the crime of misconduct involving a controlled substance in the third degree if the person

      (ii) at or within 500 feet of a recreation or youth center;
   or
   (B) on a school bus.

* Sec. 7. AS 11.71.040(a) is amended to read:

marijuana plant have been removed [WHEN REDUCED TO ITS COMMONLY

USED FORM].

* Sec. 11. AS 11.71.180 is amended by adding a new subsection to read:

(f) Schedule VA includes, unless specifically excepted or unless listed in

another schedule, any material, compound, mixture, or preparation that contains any

quantity of the following substances, including their salts, esters, isomers, and salts of

esters and isomers if those salts, esters, or isomers promote muscle growth, whenever

the existence of these salts, esters, and isomers is possible within the specific chemical

designation: anabolic steroids. In this subsection, "anabolic steroids" means any drug

or hormonal substance that is chemically and pharmacologically related to testosterone

(other than estrogens, progestins, and corticosteroids) and that promotes muscle

growth; "anabolic steroids" does not include an anabolic steroid that is expressly

intended for administration through implants to cattle or other nonhuman species and

(c) Purchase or receipt of restricted amounts of certain listed chemicals is a class C felony.

* Sec. 13. AS 12.30.023 is amended by adding a new subsection to read:

(b) In addition to conditions the court may impose under (a) of this section and notwithstanding other provisions in this chapter, if the defendant is charged with manufacturing methamphetamine under AS 11.71.020(a)(2), unless the defendant proves to the satisfaction of the court that the defendant's only role in the offense was as an aider or abettor and that the defendant did not stand to benefit financially from
the manufacturing, the court shall require the posting of a minimum of $250,000 cash

   methamphetamine under AS 11.71.020(a)(2)(A) or (B), seven to 11 years,
   if

   (i) the manufacturing occurred in a building with
   reckless disregard that the building was used as a permanent or
   temporary home or place of lodging for one or more children
   under 18 years of age or the building was a place frequented by
   children; or

   (ii) in the course of manufacturing or in preparation
   for manufacturing, the defendant obtained the assistance of one or
   more children under 18 years of age or one or more children were
   present;

within the range specified in this paragraph, unless the court finds that a mitigation
factor under AS 12.55.155 applies;

(2) if the offense is a first felony conviction,

(A) the defendant violated AS 11.41.130, and the victim was a
child under 16 years of age, two to four years;

(B) two to four years if the conviction is for an attempt,
solicitation, or conspiracy to manufacture related to methamphetamine
under AS 11.31 and AS 11.71.020(a)(2)(A) or (B), and

(i) the attempted manufacturing occurred, or the
solicited or conspired offense was to have occurred, in a building
with reckless disregard that the building was used as a permanent
or temporary home or place of lodging for one or more children
under 18 years of age or the building was a place frequented by
children; or

(ii) in the course of an attempt to manufacture, the
defendant obtained the assistance of one or more children under 18
years of age or one or more children were present;

(3) if the offense is a second felony conviction, four to seven years;

(4) if the offense is a third felony conviction, six to 10 years.

If the defendant has not been previously convicted as described in this subsection, the maximum unsuspended fine that the court may impose is $500. If the defendant has been previously convicted once as described in this subsection, the maximum unsuspended fine that the court may impose is $1,000. In this subsection,

  (2) "previously convicted" means the defendant entered a plea of guilty, no contest, or nolo contendere, or has been found guilty by a court or jury, regardless of whether the conviction was set aside under AS 12.55.085 or a similar procedure in another jurisdiction, of possession of marijuana; "previously convicted" does not include a judgment that has been reversed or vacated by a court.

* Sec. 17. AS 12.55.185 is amended by adding a new paragraph to read:

A seller, retailer, or vendor shall maintain the logbook for the period required under P.L. 109-177, 120 Stat. 192, and shall allow law enforcement officers access to the logbook. Each seller, retailer, and vendor shall provide training to the seller's, retailer's, or vendor's employees and agents in the requirements of this section. The Department of Public Safety shall provide assistance and information to sellers, retailers, and vendors to meet the requirements of this section.

(b) A seller, retailer, or vendor may not sell to a person under 16 years of age and a person under 16 years of age may not purchase a product or substance identified in (a) of this section.

(c) Nothing in this section limits the authority of a seller, retailer, or vendor regulated by this section to report to a law enforcement agency or officer suspicious purchases of a chemical, product, or substance. A seller, retailer, or vendor is not liable in a civil action for release of information to a law enforcement agency concerning matters related to this section.

(d) A seller, retailer, or vendor does not violate this section if the seller, retailer, or vendor proves by a preponderance of the evidence that the seller, retailer, or vendor

(1) exercised the degree of care of a reasonable employer to ensure compliance with (a) - (c) of this section; and

(2) determined that the employees and agents of the seller, retailer, or vendor had been notified of the requirements of this section by

(A) securing each employee's or agent's written acknowledgment of notification of those requirements; or

(B) making another appropriate determination.

(e) A person who violates this section shall forfeit and pay to the state a civil penalty of not more than $10,000 for each violation.

For each of those properties, the list must contain the parcel identification number, legal description, and physical address and owner's name at the time the notice was issued.

* Sec. 20. AS 46.03.550(b) is amended to read:

   (b) The department shall maintain a list of properties for which the department has received notice under AS 46.03.500(c). When the department determines under (a) of this section that a property on the list is fit for use, the department shall note on the list maintained on its Internet website under AS 46.03.500(f), and on any other list or database it maintains related to illegal drug manufacturing sites, that the property is fit for use [REMOVE THE PROPERTY FROM THE LIST] and shall notify the owner of the property that the property is fit for use. The property shall remain on the lists or databases for five years after it is determined that the property is fit for use and shall be removed from the lists or databases within three months after the five-year period has elapsed. On request, the department shall give a copy of the list maintained under this section to any person who requests the list.
