* Sec. 3. AS 19.75.211 is amended to read:

   Sec. 19.75.211. Bonds of the authority. Notwithstanding any other
   provision of law, the [THE] authority may borrow money and issue and refund
   bonds on which the principal and interest are paid out of and secured by the gross
   revenue derived by the authority from the ownership, use, and operation of its
   toll facilities, including [PAYABLE FROM] money derived from the fees, rents,
   tolls, rates, charges, and other revenue of the authority under this chapter and any

   the state bond committee a description of the bond issue and a preliminary prospectus,
   offering circular, or official statement relating to the bond issue. Bonds may not be
   issued unless the state bond committee finds, based upon the information submitted by
   the authority under this section and other information that is reasonably available to
   the committee, that the Knik Arm bridge revenue and other revenue available to the
   authority can be reasonably expected to be adequate for payment of the principal of
   and interest on the bonds to be issued and that issuance of the bonds by the authority
   would not be expected to adversely affect the ability of the state or its political
   subdivisions to market bonds. [BONDS MAY NOT BE ISSUED UNLESS THE
   PRINCIPAL AMOUNT OF THE BOND ISSUE IS AUTHORIZED BY LAW.]

* Sec. 4. AS 19.75.211 is amended by adding new subsections to read:

   (b) The bonds of the authority may be sold in the amounts or series and at the
   time determined by its board of directors. Bonds, or a series of bonds, may not be sold

rate of interest that is 125 percent of the rate of the Bond Buyer Index of 20 Municipal 
Bond Average Yields for the week previous to the date of the sale of the bonds, 
whichever is higher.

(c) The authority may issue bonds in an aggregate amount not to exceed 
$500,000,000, plus the cost of issuance.

(d) The amount of refunding bonds that may be issued by the authority and 
bond premiums may not be included in the aggregate amount, but may be in addition 
to the amount authorized by (c) of this section.

* Sec. 5. AS 19.75.221 is amended by adding a new subsection to read:

(h) Notwithstanding any other provision of law, the authority may establish 
other funds and reserves as the board of directors may determine reasonable and 
prudent for the issuance of bonds or for the conduct of the business and affairs of the 
authority. The interest earned on or profit derived from these funds and reserves shall 
be the property of the authority.

* Sec. 6. AS 19.75.241(b) is amended to read:

(b) The bonds issued by the authority do not constitute an indebtedness or 
other liability of the state or of a political subdivision of the state other than the 
authority, but shall be payable solely from the income, receipts, or other money or 
property of the authority. All documents published by the authority or to which the 
authority is a signatory and used in or for the issuance of bonds by the authority 
must state that they are prepared by or for the authority.

* Sec. 7. AS 19.75.241(c) is amended to read:

(c) The authority may not pledge the faith or credit of the state or of a political 
subdivision of the state other than the authority, and the issuance of a bond by the 
authority does not directly, indirectly, or contingently obligate the state or a political 
subdivision of the state to apply money from, levy, or pledge any form of taxation to 
the payment of the bond or to make payments due on the bonds from any source of 
funds not pledged for repayment of the bonds.

* Sec. 8. AS 19.75 is amended by adding new sections to article 2 to read:

Sec. 19.75.330. Bond terms. (a) The bonds of the authority mature at the time
fixed by the board. The bonds may be subject to redemption before their fixed maturities as determined by the board, or by the authority's executive director when delegated that responsibility under AS 19.75.332, and with the premium fixed by the board, but a bond may not be subject to redemption before its fixed maturity date unless the right to redeem that bond is expressly mentioned on the face of the bond. The bonds

(1) may be in denominations determined by the board;

(2) may be issued in coupon form or in fully registered form, and may be registrable as to principal or both principal and interest, all under regulations and conditions the board provides;

(3) are payable as to principal and interest at the place determined by the board;

(4) shall be signed on behalf of the authority as the board may direct; the signatures may be facsimile signatures; each of the interest coupons, if any, attached to the bonds shall be signed by the facsimile signatures of the officials as the board may direct;

(5) shall have the seal of the authority impressed, printed, or lithographed on them; and

(6) shall be issued under and subject to the terms, conditions, and covenants, providing for the payment of the principal of and interest on the bonds and the other terms, conditions, covenants, and protective features safeguarding this payment and relating to the operations, maintenance, or capital improvements as found necessary by the board, which covenants may include a provision requiring the setting aside and maintenance of certain reserves to secure the payment of the principal and interest or for operations, maintenance, or capital improvements.

(b) The board may select a trustee or trustees for the holders of the bonds or any series of the bonds, for the safeguarding and disbursement of any of the money in any of the funds created under this chapter or for the duties of authentication, delivery, and registration of the bonds as the board may determine. The board shall fix the rights, duties, powers, and obligations of the trustee or trustees.

(c) In determining the matters and questions relating to the issuance and sale
of the bonds and the fixing of the maturities, terms, conditions, covenants, and other
subjects of the bonds as provided in (a) and (b) of this section, the decisions of the
board shall be those found to be reasonably necessary for the best interests of the
authority and the construction, operation, and maintenance of its facilities, and those
that will accomplish the most advantageous sale of the bonds, giving due regard to (1)
necessary or normal costs of maintenance and operation; (2) renewals and
replacements of and repairs to the toll facilities; (3) all improvements to toll facilities
and property of toll facilities owned, used, operated, or leased in connection with toll
facilities; (4) the future growth and expansion of all of the facilities; and (5) the
possibility of additional revenue bond financing for toll facilities purposes. A decision
of the board as expressed in any bond resolution is final when any bonds have been
issued under the bond resolution.

(d) A bond resolution may provide that the bonds issued must contain a recital
that the bonds are issued under this chapter, and any bonds containing this recital are
conclusively considered to be valid and to have been issued in conformity with this
chapter.

(e) The validity of the authorization and issuance of bonds is not affected by
any proceeding for the acquisition or construction of the additions, improvements, or
facilities for which the bonds have been issued or by any contract in connection with
the acquisition or construction.

Sec. 19.75.332. Bond resolution. (a) When issuing bonds of the authority, the
board shall adopt the bond resolution and approve all other documents and
proceedings necessary for the issuance, sale, and delivery of the bonds or any part or
series of them. The bond resolution shall fix the aggregate principal amount and
denomination, date, maturities, place or places of payment, rights of redemption, if
any, terms, form, conditions, and covenants of the bonds or each series of them. The
board shall also determine and provide for the date and manner of sale of the bonds,
and shall provide where the notice of sale, if any, is to be published.

(b) The board may delegate to the authority's executive director the authority
to approve final principal maturities and dates, interest rates, redemption rights, and
interest payment dates under the terms and conditions the board determines by
Sec. 19.75.334. Enforcement by holder. The holder of any bonds or the trustee for the holders of the bonds or any series of them, may, by appropriate proceedings in state court, compel the transfer, setting aside, and payment of money and the enforcement of all of the terms, conditions, and covenants as required and provided in AS 19.75.330 and 19.75.332 and in the bond resolution.

Sec. 19.75.336. Bond negotiability. The bonds and the coupons attached to them are fully negotiable instruments under the laws of the state.

Sec. 19.75.338. Refunding. (a) The bonds or any part of them may be refunded at or before their maturity by the issuance of refunding revenue bonds of the authority if, in the opinion of the board, refunding is advantageous to and in the best interest of the authority.

(b) The board shall adopt the resolution authorizing refunding and all other documents and proceedings necessary for the issuance, exchange or sale, and delivery of the bonds. All provisions of AS 19.75.211 - 19.75.271, except AS 19.75.211(c), and AS 19.75.330 - 19.75.340 applicable to revenue bonds are applicable to the refunding bonds and to the issuance, sale, or exchange of the bonds, except as otherwise provided in this section.

(c) Refunding bonds may be issued in a principal amount sufficient to provide money for the payment of all bonds to be refunded by them and, in addition, for the payment of all expenses incident to the calling, retiring, or paying of the outstanding bonds, and the issuance of the refunding bonds. These expenses include, without limitation,

1. the difference in amount between the par value of the refunding bonds and any amount less than par for which the refunding bonds are sold;

2. any amount necessary to be made available for the payment of interest on the refunding bonds from the date of sale of the bonds to the date of payment of the bonds to be refunded or to the date on which the bonds to be refunded will be paid under the call of the bonds or agreement with the holders of the bonds;

3. the premium, if any, necessary to be paid in order to call or retire the outstanding bonds; and
(4) the interest accruing on the outstanding bonds to the date of the call or retirement and other costs of issuance and refunding.

Bonds of the authority, including toll facilities bonds, are legal investments for all banks, trust companies, savings banks, savings and loan associations, and other persons carrying on a banking business, all insurance companies and other persons carrying on an insurance business, and all executors, administrators, trustees, and other fiduciaries. The bonds may be accepted as security for deposits of all money of the state and its political subdivisions.

* Sec. 9. AS 19.75 is amended by adding new sections to read:

Sec. 19.75.915. Liability for payment of tolls. The owner of a vehicle using a facility owned, controlled, or managed by the authority for which a toll or fee is imposed is liable for the payment of the toll or fee solely because of the vehicle ownership, unless the vehicle, except a rental vehicle, is used without the owner's knowledge and incurs the toll or fee during operation.

Sec. 19.75.920. Statutory construction. This chapter shall be liberally construed in order to carry out the purposes for which it was enacted. All existing laws in conflict with this chapter are superseded as necessary to accomplish the purposes of this chapter.
