AN ACT

Relating to the duties of the Department of Education and Early Development; relating to the duties of the state Board of Education and Early Development; relating to school curricula; relating to a system for managing student information and records related to individualized education programs for children with disabilities; establishing the marijuana education and treatment fund; and relating to the duties of the Department of Health and Social Services to administer a comprehensive marijuana use education and treatment program.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

THE ACT FOLLOWS ON PAGE 1
AN ACT

Relating to the duties of the Department of Education and Early Development; relating to the duties of the state Board of Education and Early Development; relating to school curricula; relating to a system for managing student information and records related to individualized education programs for children with disabilities; establishing the marijuana education and treatment fund; and relating to the duties of the Department of Health and Social Services to administer a comprehensive marijuana use education and treatment program.

* Section 1. AS 14.07.030 is amended by adding a new subsection to read:
(b) The department may not require a school district to review textbooks, instructional materials, or curricula more frequently than once every 10 years.

* Sec. 2. AS 14.07.165 is amended by adding a new subsection to read:
(c) Every five years, the board shall review the mathematics and English and
language arts curricula used in the state to ensure the curricula are still effective and are being taught using best practices.

* Sec. 3. AS 14.07 is amended by adding new sections to read:

Sec. 14.07.180. Curricula approval and review; pilot program; incentives.

(a) Notwithstanding any other provision of law, the board shall establish standards and a procedure for the review, ranking, and approval of mathematics and English and language arts curricula for school districts to use in each grade level as provided in this section. The board may include curricula delivered through virtual education in the standards and procedure established under this subsection.

(b) The department, in consultation with school districts, shall review mathematics and English and language arts curricula used in schools in the state and in other states and countries and may include in the review curricula delivered through virtual education. Not later than July 1, 2019, the department shall identify the best mathematics and English and language arts curricula and the best teaching practices for each of the curricula. The department may identify the best mathematics and English and language arts curricula delivered through virtual education.

(c) The department shall submit the curricula and teaching practices that the department identifies as the best under (b) of this section to the board for approval, including evidence supporting the department's selection, if the department concludes that the curricula and best practices

(1) are appropriate;

(2) are in compliance with the nondiscrimination standards established under AS 14.18.060(b);

(3) are aligned with state education standards; and

(4) result in improved academic achievement for students.

(d) The board may approve curricula submitted under (c) of this section if the curricula are consistent with the standards established by the board under (a) of this section. The department shall place the curricula approved by the board into two categories as follows:

(1) incentivized curricula for the best curricula for each subject, based on evidence provided to the department; the department may place not more than two
enrolled SB 104 curricula in this category for each subject;
(2) designated effective curricula for the curricula for each subject that are not incentivized curricula but that the department finds appropriate and effective based on factual and other evidence provided to the department.

(e) A three-year pilot program is established in the department, starting in the 2019-2020 school year, to test the appropriateness and effectiveness of the incentivized curricula approved under (d) of this section. In conducting the program, the department shall

(1) establish an application process for school districts to apply for participation in the program;
(2) select four school districts from those that apply to participate in the program, including two rural and two urban school districts, basing the selection of the school districts on the readiness and capacity of each district;
(3) assign to each participating school district the incentivized mathematics curriculum or the incentivized English and language arts curriculum; the department shall assign the mathematics curriculum to one rural and one urban school district and the English and language arts curriculum to one rural and one urban school district;
(4) starting in the 2019-2020 school year, distribute incentive payments, not to exceed $10,000,000 in total, to the four school districts to assist with the purchase and implementation of the curricula, including best teaching practices and professional development, and purchase of instructional materials.

(f) At the completion of the pilot program under (e) of this section, the department shall

(1) if the department finds that the incentivized curricula tested in the pilot program are appropriate and effective, submit the findings to the board; and
(2) if the board finds that the curricula tested in the pilot program are appropriate and effective, make the curricula and one-time incentive payments under (g) of this section available to all school districts starting in the 2022-2023 school year and ending in the 2024-2025 school year.

(g) The department may distribute an incentive payment available to a school
district in an amount that is not more than the school district's ADM multiplied by
150, subject to availability of funding, if the governing body of the school district
(1) selects one of the incentivized curricula for implementation in the
school district in an eligible school year under (f)(2) of this section;
(2) requests an incentive payment from the department;
(3) has not previously implemented the incentivized curricula; and
(4) demonstrates to the satisfaction of the department the readiness and
capacity of the school district to implement the curricula.

(h) In addition to any unexpended money under (e)(4) of this section, the
department may distribute not more than $9,500,000 in incentive payments under (f)
and (g) of this section.

(i) The department shall publish on the department's Internet website and
make available to the public
(1) all curricula used by school districts in the state for all subjects, whether or not the curricula are approved; and
(2) the curricula approved under (d) of this section.

(j) The department shall submit an electronic report to the legislature and
make the report available to the public on the department's Internet website. The report
must provide information on the pilot program and the curricula that each school
district has adopted. On or before January 15, 2019, and each year thereafter, the
department shall submit the report required under this subsection to the senate
secretary and the chief clerk of the house of representatives and notify the legislature
that the report is available.

(k) Each school district shall submit to the department the relevant
information needed for the department to carry out its duties under this section.

(l) Payments for curricula implementation under the pilot program described
in (e) of this section and incentive payments under (f) and (g) of this section are
subject to appropriation. If insufficient funding is available to distribute payments to
all school districts that request funding in a year under (g) of this section, the
department may distribute payments to the remaining school districts the following
school year.
(m) If the applications for participation in the pilot program are insufficient to meet the requirements under (e) of this section, the department may select four school districts from those that apply, taking into consideration geographical diversity.

(n) Beginning with the 2025-2026 school year, the department may distribute incentive payments to school districts that use curricula reviewed and approved by the board under AS 14.07.165(c). The department may provide incentive payments, subject to appropriation, to school districts based on the readiness and capacity of the school district as determined by the department.

(o) In this section,

1. "rural" has the meaning given in AS 14.43.700;
2. "school district" has the meaning given in AS 14.30.350;
3. "school district's ADM" has the meaning given to "district ADM" in AS 14.17.990;
4. "urban" means a community other than a community described in AS 14.43.700;
5. "virtual education" means instruction delivered through telecommunications or other digital or electronic methods.

Sec. 14.07.182. Curriculum improvement and best practices fund. (a) The curriculum improvement and best practices fund is established. The fund consists of appropriations, not to exceed $19,500,000, for distribution to school districts.

(b) Money appropriated to the fund may be expended by the department as provided under AS 14.07.180, without further appropriation.

(c) Nothing in this section creates a dedicated fund.

(d) Appropriations to the fund do not lapse.

* Sec. 4. AS 14.08.111 is amended to read:

Sec. 14.08.111. Duties. A regional school board shall

1. provide, during the school term of each year, an educational program for each school age child who is enrolled in or a resident of the district;
2. develop a philosophy of education, principles, and goals for its schools;
3. approve the employment of the professional administrators,
teachers, and noncertificated personnel necessary to operate its schools;

(4) establish the salaries to be paid its employees;

(5) designate the employees authorized to direct disbursements from
the school funds of the board;

(6) submit the reports prescribed for all school districts;

(7) provide for an annual audit in accordance with AS 14.14.050;

(8) provide custodial services and routine maintenance of school
buildings and facilities;

(9) establish procedures for the review and selection of all textbooks
and instructional materials at least once every 10 years, including textbooks and
curriculum materials for statewide correspondence programs, before they are
introduced into the school curriculum; the review includes a review for violations of
AS 14.18.060; nothing in this paragraph precludes a correspondence study student, or
the parent or guardian of a correspondence study student, from privately obtaining or
using textbooks or curriculum material not provided by the school district;

(10) provide prospective employees with information relating to the
availability and cost of housing in rural areas to which they might be assigned, and,
when possible, assist them in locating housing; however, nothing in this paragraph
requires a regional school board to provide teacher housing, whether owned, leased, or
rented or otherwise provided by the regional educational attendance area, nor does it
require the board to engage in a subsidy program of any kind with respect to teacher
housing;

(11) train persons required to report under AS 47.17.020, in the
recognition and reporting of child abuse, neglect, and sexual abuse of a minor; and

(12) establish procedures for providing the training under
AS 14.33.100, AS 18.66.310, and AS 47.17.022; the procedures established under this
paragraph must include a training schedule that ensures that not less than 50 percent of
the total certificated staff employed by the district receive all of the training not less
than every two years and that all of the certificated staff employed by the district
receive all of the training not less than every four years.
* Sec. 5. AS 14.14.090 is amended to read:

Sec. 14.14.090. Duties of school boards. In addition to other duties, a school board shall

(1) determine and disburse the total amount to be made available for compensation of all school employees and administrative officers;

(2) provide for, during the school term of each year, an educational program for each school age child who is enrolled in or a resident of the district;

(3) withhold the salary for the last month of service of a teacher or administrator until the teacher or administrator has submitted all summaries, statistics, and reports that the school board may require by bylaws;

(4) transmit, when required by the assembly or council but not more often than once a month, a summary report and statement of money expended;

(5) keep the minutes of meetings and a record of all proceedings of the school board in a pertinent form;

(6) keep the records and files of the school board open to inspection by the public at the principal administrative office of the district during reasonable business hours;

(7) establish procedures for the review and selection of all textbooks and instructional materials at least once every 10 years, including textbooks and curriculum materials for statewide correspondence programs, before they are introduced into the school curriculum; the review includes a review for violations of AS 14.18.060; nothing in this paragraph precludes a correspondence study student, or the parent or guardian of a correspondence study student, from privately obtaining or using textbooks or curriculum material not provided by the school district;

(8) provide prospective employees with information relating to the availability and cost of housing in rural areas to which they might be assigned, and, when possible, assist them in locating housing; however, nothing in this paragraph requires a school district to provide teacher housing, whether district owned, leased, rented, or through other means, nor does it require a school board to engage in a subsidy program of any kind regarding teacher housing;

(9) train persons required to report under AS 47.17.020, in the
recognition and reporting of child abuse, neglect, and sexual abuse of a minor;

(10) provide for the development and implementation of a preventive maintenance program for school facilities; in this paragraph, "preventive maintenance" means scheduled maintenance actions that prevent the premature failure or extend the useful life of a facility, or a facility's systems and components, and that are cost-effective on a life-cycle basis;

(11) establish procedures for providing the training under AS 14.18.060, AS 14.20.149, 14.20.680, AS 14.30.355, 14.30.356, 14.30.362, AS 14.33.100, AS 18.66.310, and AS 47.17.022; the procedures established under this paragraph must include a training schedule that ensures that not less than 50 percent of the total certificated staff employed by the district receive all of the training not less than every two years and that all of the certificated staff employed by the district receive all of the training not less than every four years.

* Sec. 6. AS 14.16.020 is amended to read:

Sec. 14.16.020. Operation of state boarding schools. In the management of state boarding schools, the board shall

(1) adopt a philosophy of education for state boarding schools;

(2) approve the employment of personnel necessary to operate state boarding schools;

(3) establish the salaries and benefits to be paid teachers, excluding administrators;

(4) designate the employees authorized to direct disbursements from the money appropriated for the operation of state boarding schools and for the construction of facilities;

(5) provide custodial services and routine maintenance of physical facilities;

(6) establish procedures for the development and implementation of curriculum and the selection and use of textbooks and instructional materials; **the procedures must require a review of textbooks and instructional materials at least once every 10 years**;

(7) prescribe health evaluation and placement screening programs for
newly admitted students;

(8) establish procedures for staff evaluation; and

(9) establish procedures for providing the training under AS 14.18.060, AS 14.20.149, 14.30.355, 14.30.356, 14.30.362, AS 14.33.100, AS 18.66.310, and AS 47.17.022; the procedures established under this paragraph must include a training schedule that ensures that not less than 50 percent of the total certificated staff employed by the district receive all of the training not less than every two years and that all of the certificated staff employed by the district receive all of the training not less than every four years.

* Sec. 7. AS 14.30.285 is amended by adding a new subsection to read:

(h) The department shall make available to school districts an electronic system for managing student information and tracking records relating to individualized education programs for children with disabilities. The system must, to the extent permitted by federal law, allow school districts to transfer special education records for a student when the student transfers to a different school district. If the governing body of a school district elects to use the system selected by the department, the department shall provide the school district with the system, including any software necessary to implement the system, at no charge to the school district. The department may not require a school district to use the system selected by the department.

* Sec. 8. AS 43.61.010(d) is amended to read:

(d) The legislature may use the annual estimated balance in the recidivism reduction fund to make appropriations to the Department of Corrections, the Department of Health and Social Services, or the Department of Public Safety for recidivism reduction programs.

* Sec. 9. AS 43.61.010 is amended by adding a new subsection to read:

(f) The marijuana education and treatment fund is established in the general fund. In addition to the accounting under (c) of this section, the Department of Administration shall separately account for 25 percent of the tax collected under this section and deposit it into the marijuana education and treatment fund. The Department of Administration shall deposit interest earned on the fund into the general
fund. Money in the fund does not lapse. The legislature may use the annual estimated balance in the fund to make appropriations to the Department of Health and Social Services for the comprehensive marijuana use education and treatment program established under AS 44.29.020(a)(17).

* Sec. 10. AS 44.29.020(a) is amended to read:

(a) The Department of Health and Social Services shall administer the state programs of public health and social services, including

(1) maternal and child health services;
(2) preventive medical services;
(3) public health nursing services;
(4) nutrition services;
(5) health education;
(6) laboratories;
(7) mental health treatment and diagnosis;
(8) management of state institutions, except for adult penal institutions;
(9) medical facilities;
(10) adult public assistance;
(11) the Alaska temporary assistance program;
(12) child welfare services;
(13) general relief;
(14) a comprehensive smoking education, tobacco use prevention, and tobacco control program; to the maximum extent possible, the department shall administer the program required under this paragraph by grant to or contract with one or more organizations in the state; the department's program must include

(A) a community-based tobacco use prevention and cessation component addressing the needs of youth and adults that includes use of cessation aids such as a nicotine patch or a nicotine gum tobacco substitute;

(B) youth-based efforts that involve youth in the design and implementation of tobacco control efforts;

(C) anti-tobacco counter-marketing targeting both youth and adult populations designed to communicate messages to help prevent youth
initiation of tobacco use, promote cessation among tobacco users, and educate the public about the lethal effects of exposure to secondhand smoke;

(D) tobacco use surveys of youth and adult populations concerning knowledge, awareness, attitude, and use of tobacco products; and

(E) an enforcement component;

(15) the Alaska Pioneers' Home and the Alaska Veterans' Home;

(16) licensure and regulation of child care facilities;

(17) a comprehensive marijuana use education and treatment program; to the extent possible, the department shall administer the program required under this paragraph by grant to or contract with one or more organizations in the state; the department's program must include

(A) a community-based marijuana misuse prevention component; the community-based component must provide for a youth services grant program to

   (i) reduce initiation and promote cessation of marijuana use by youth, reduce youth access to marijuana products, and reduce exposure of youth to impaired driving dangers related to marijuana use;

   (ii) provide recreational, educational, and character-building programs for youth outside school hours; and

   (iii) address marijuana use prevention through outcome-based curricula, adult and peer mentoring, and opportunities for positive, prosocial leisure and recreational activities;

(B) marijuana public education designed to communicate messages to help prevent youth initiation of marijuana use, educate the public about the effects of marijuana use, and educate the public about marijuana laws;

(C) surveys of

   (i) youth and adult populations concerning knowledge, awareness, attitude, and use of marijuana products;
(ii) the need for trained professionals working in organizations described in this paragraph;

(D) the development of plans to address the need for trained professionals and to assist in implementing a training program for those professionals;

(E) monitoring of population health status related to the consequences of marijuana use; and

(F) substance abuse screening, brief intervention, and referral to treatment.

* Sec. 11. AS 14.07.180(e), 14.07.180(f), 14.07.180(g), 14.07.180(h), 14.07.180(j), 14.07.180(l), and 14.07.180(m) are repealed July 1, 2025.

* Sec. 12. 4 AAC 05.080(e) is annulled.
