AN ACT

Establishing the month of March as Sobriety Awareness Month.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

THE ACT FOLLOWS ON PAGE 1
AN ACT

Establishing the month of March as Sobriety Awareness Month.

*Section 1.* The uncodified law of the State of Alaska is amended by adding a new section to read:

LEGISLATIVE FINDINGS AND INTENT. (a) In establishing Sobriety Awareness Month, it is the intent of the legislature to call attention to Alaskans who choose a positive and healthy lifestyle by not consuming mood- or mind-altering substances, and who, by virtue of their freely chosen lifestyle, serve as examples that life can be lived and enjoyed without the consumption of mood- or mind-altering substances.

(b) The legislature finds that a life without the consumption of mood- or mind-altering substances

(1) improves the quality of life and the health of individuals, families, and communities;

(2) reduces the incidence of alcohol- or drug-related social ills, including crime, domestic violence, and child abuse and neglect;
(3) reduces the burden on local, state, and federal treasuries that pay for the pervasive social ills caused by alcohol and drug abuse;

(4) assists the state in identifying health benchmarks and measuring outcomes associated with that lifestyle; those benchmarks and outcomes are monitored in the Healthy Alaskans 2020 Health Assessment;

(5) assists the state in complying with the declaration of policy under AS 47.37.010.

* Sec. 2. AS 44.12 is amended by adding a new section to article 2 to read:

Sec. 44.12.160. Sobriety Awareness Month. The month of March each year is established as Sobriety Awareness Month. Sobriety Awareness Month may be observed by schools, community groups, and other public and private agencies and individuals with appropriate activities that increase the public's awareness of prevention and treatment of alcoholism, drug abuse, and misuse of hazardous volatile materials and substances by inhalant abusers.
