Dear Representative Doogan,

My name is Virginia Pearson. I am six years old. I live with my parents in Sitka. I go to Baranof Elementary. I am in kindergarten with Mrs. Hedrick. She is a good teacher. I love music class and I am a good singer. Please help my school.

Dear Representative Doogan,

Please use your leadership to vote for SB171 to increase the base allocation for my daughter's school. As a parent, I see the effect of classrooms that are very full already. Reducing teachers would worsen the situation and deny some children the attention they need to learn. I am willing to do my part as a parent. I ask your help in giving all kids a chance by supporting SB171.

Thank you,

*Virginia Pearson*
