

## Alaska Invasive Species Partnership

The AKISP is an informal affiliation of interested individuals representing agencies, organizations, and members of the public.

Our goal is to heighten *awareness* of the problems associated with non-native invasive species and to bring about greater statewide *coordination*, *cooperation* and *action* to halt the introduction and spread of these invasive species.

## Board of Directors

Lisa Ka'aihue, CIAA, Chair

Katherine Schake, HSWCD, Vice Chair
