Subject: SB176 UA Gun policy

I'm sending the email to the Senate Judiciary committee in support of SB176. As someone who has gone to the University of Alaska-Fairbanks for 30 years, and earned 3 degrees there, it was always disconcerting the regents refuse to allow students to be able to defend themselves from aggressors. It's critical to allow students the ability to do this. There have been a few rapes on the university campuses, and all the women who attend the universities should be allowed to defend themselves. Gun Free Zones are one of the least safe places to be in America. Please pass this legislation through committee and align the University of Alaska system with state statute.

Thanks,

Lance Roberts
