Subject: Senate Bill 176

Mr. Coghill,

I would like to thank you for your stance on Senate Bill 176, which would allow the concealed carry of firearms throughout campuses. As a student at the University of Alaska Fairbanks, I support this bill not only because I think that allowing firearms to be carried actually makes places safer. More importantly, I believe that this bill is important because it establishes that the Alaska Constitution must be followed. It is important for people to realize that laws are to be obeyed. I understand that this has been a controversial bill and has been difficult, but I thank you for your support.
