

ALASKA STATE LEGISLATURE

Please enter into the record my testimony to the Judiciary Committee
Committee on UAF Gun Bill Dated 10 March
Bill / Subject

As a gun owner and UAF Emeritus Professor I strongly oppose the UAF Gun bill introduced by Senator Coghill. This bill strongly curtails the civil liberties of Faculty members and students on UAF campuses. I believe gun policies on campuses should be determined by VOTE of Full time Research / Teaching Faculty on the various campuses. Effectively the President makes this decision with the advice and consent of the Faculty. I hope the bill can be so amended.
