Subject: Support for SB15
Date: Thursday, February 15, 2018 3:38:25 PM

HI,

I'm writing to support Senate Bill 15, the youth e-cigarette restrictions bill. This bill will put penalties on retailers that sell e-cigarettes and vaping devices to kids. As a parent and grandparent, I'm concerned about this as a health issue for youth and future generations. Kids often don't even realize there is nicotine in the products or how much nicotine they are getting into their system. Nicotine is highly addictive and harmful to the developing brain. Please support the bill and do what you can to move it quickly out of committee. Thank you!

Edy
