**2018 SESSION OPERATING BUDGET AMENDMENT PROPOSAL**

**OFFERED IN:** The House Finance Subcommittee

**TO:** HB 286 / HB 285

**OFFERED BY:** Representative Tammie Wilson

**DEPARTMENT:** Corrections  
**APPROPRIATION:** Administration and Support  
**ALLOCATION:** Office of the Commissioner

**DELETE:** (\$264,804) UGF 1004, Personal Services

**POSITIONS:** Delete 2 PFT positions

**EXPLANATION:** The Department created 3 new exempt Professional Conduct Investigator positions and established a new Department of Corrections Internal Investigative Unit which were included in the FY 18 budget request. A transfer of \$714,500 from the Services line item of the Community Residential Centers (CRC) allocation was made to fund the costs of this new unit. The CRC funds were identified by the Department as no longer being needed to operate the CRC program due to a reduction in the number of beds in CRC contracts. These positions and funding are budgeted in the Correctional Academy allocation in the FY 19 Governor's request.

The FY 19 Governor's Budget Request includes an increment for two additional new positions in the Professional Conduct Investigation Unit. The FY 19 budget request for these positions and funding are in this allocation versus the Correctional Academy allocation. This amendment deletes the new positions and the funding for the positions at the post-vacancy cost (budgeted costs of \$273,728 less 3.26% vacancy factor for this allocation).

**OFFERED IN:** House Finance Department of Corrections

**TO:** AS 12.30.006 – AS 12.30.011

**OFFERED BY:** Representative Kawasaki

**RECOMMENDED STATUTE CHANGE:** The subcommittee encourages the standing committee to support the provision in the Governor's HB 295 that would create an exception to the requirement of mandatory own recognizance release for persons charged with a misdemeanor or class C felony who are assessed by a pretrial services officer as low to moderate risk and have an out-of-state criminal history that has not been used in determining the person's risk level.

**EXPLANATION:** Currently, a person charged with a misdemeanor that does not include an offense under AS 11.41, AS 11.56.730, 11.56.757, AS 28.35.030, or 28.35.032, a sex offense as defined in AS 12.63.100, or a crime involving domestic violence as defined in AS 18.66.990 and who is assessed by a pretrial services officer as "low to moderate risk" shall be released on their own recognizance or upon an unsecured appearance or performance bond, without taking into account out-of-state criminal history. Similarly, a person charged with a class C felony that does not include an offense under AS 11.41, AS 11.56.730, AS 28.35.030, or 28.35.032, a sex offense as defined in AS 12.63.100, or a crime involving domestic violence as defined in AS 18.66.990 and who is assessed by a pretrial services officer as "low risk" shall be released on their own recognizance or upon an unsecured appearance or performance bond, without taking into account out-of-state criminal history. The Governor's HB 295 would make it possible for out-of-state criminal history to be included in the risk analysis for persons in pretrial, even for those who would otherwise qualify for mandatory release on their own recognizance.

**2018 SESSION OPERATING BUDGET AMENDMENT PROPOSAL**

**OFFERED IN:** House Finance Department of Corrections Budget Subcommittee

**TO:** HB 285 / HB 286

**OFFERED BY:** Representative Lincoln

**DEPARTMENT:** Department of Corrections

**APPROPRIATION:** Population Management

**ALLOCATION:** Electronic Monitoring

**ADD INTENT LANGUAGE:** It is the intent of the legislature that the Commissioner of the Department of Corrections will prioritize expanding the Electronic Monitoring program to Bethel.

**EXPLANATION:** Expanding electronic monitoring in Bethel will help reduce adverse impacts of conviction to low-risk individuals by allowing them to stay connected to healthy social and work networks in the community, reducing the risk of recidivism that accompanies separation from work and family. Currently, electronic monitoring is offered in Anchorage, Fairbanks, Juneau, Kenai, Ketchikan, and Palmer. There are Regional and Community jail operated electronic monitoring programs in Barrow, Kodiak, and Sitka. So far this year, the total average number of inmates on electronic monitoring in Alaska is 205. Anchorage accounts for 116, Fairbanks has 39, Palmer has 28, Juneau has averaged 11 and Kenai is at 7. All others have averaged less than 1.

**2018 SESSION OPERATING BUDGET AMENDMENT PROPOSAL**

**OFFERED IN:** The House Finance Department of Corrections Budget Subcommittee

**TO:** HB 286 / HB 285

**OFFERED BY:** Representative Talerico

**DEPARTMENT:** Department of Corrections  
**APPROPRIATION:** Administration and Support  
**ALLOCATION:** Office of the Commissioner

**ADD:** It is the intent of the legislature that the Commissioner of Corrections take full advantage of the cost savings available through the tiered pricing structure as stated in the CRC contracts, by maximizing prisoner placement into these facilities.

**EXPLANATION:** Currently the State pays \$162.49 per bed, per day in a correctional facility. If utilized, the CRCs do significantly reduce the daily cost of housing prisoners. However, to realize these significant savings each CRC must be more fully occupied.
