MEMORANDUM

DATE: March 25, 2011

TO: James Armstrong

FROM: Wilda Laughlin 

SUBJECT: Proposed amendment

Dear Mr. Armstrong:

Please see the attached Sectional Analysis and Explanation of Changes concerning CS HB 150 (JUD). The Explanation of Changes tracks all the changes made to the bill as introduced through its present CS form.

We would also like to request consideration of an amendment to Section 9 of CS HB 150(JUD). We were advised by the Department of Public Safety that registering the financial protective orders authorized by the bill with that department would not accomplish the goal of providing notice of an order to third-parties. This is because the registries of protective orders under Department of Public Safety jurisdiction are not public information and are not publicly accessible. We would like to propose the amendment below. We believe that the notice requirement will still be adequately served by keeping the language requiring service of the order upon the third-party's nearest residence or place of business.

Please advise of any questions.
