

Alaska State Legislature

Please enter into the record my testimony to the House Fisheries
COMMITTEE NAME
committee on House Bill 85, dated 3/29/11
BILL / SUBJECT TODAY'S DATE

I am in favor of Bill 85. I am 15 and these waters and salmon need to be protected so they will be alive and thriving thru my life time and far beyond. I feel that by banning mixing zones in our waters will keep our waters healthy and supporting alaskas people.
