Subject: Invest in students -- restore education funding!
Date: Monday, March 30, 2015 9:29:17 AM

Our students shouldn't be the ones who pay the price. It's more important than ever to invest in our students to grow and diversify our economy over the long term.

Our students are at the center of everything we do. **We need the Legislature to keep the promise they made last year, to provide three years of education funding while the state works on a long-term plan to fund education.**

Sincerely, Mo Wilkinson

I'm being involuntarily transferred to another school because of cuts being made in our district. Education has to come first!!
