**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:**

*** Section 1.** AS 21.03.021 is amended by adding a new subsection to read:

(f) If an insurer is not required to obtain a certificate of authority in this state under AS 21.09.020(5), the provisions of the title do not apply to policies or contracts issued by the insurer.

*** Sec. 2.** AS 21.07.010 is amended to read:

**Sec. 21.07.010. Patient and health care provider protection.** (a) A contract between a participating health care provider and a **health care insurer** [MANAGED CARE ENTITY THAT OFFERS A MANAGED CARE PLAN] must contain a provision that

(1) provides for a reasonable mechanism to identify all medical care services to be provided by the **health care insurer** [MANAGED CARE ENTITY];

(2) clearly states or references an attachment that states the health care provider's rate of compensation;

(3) clearly states all ways in which the contract between the health care provider and **health care insurer** [MANAGED CARE ENTITY] may be terminated; a provision that provides for discretionary termination by either party must apply equitably to both parties;

(4) provides that, in the event of a dispute between the parties to the contract, a fair, prompt, and mutual dispute resolution process must be used; at a minimum, the process must provide

(A) for an initial meeting at which all parties are present or represented by individuals with authority regarding the matters in dispute; the meeting shall be held within 10 working days after the **health care insurer** [PLAN] receives written notice of the dispute or gives written notice to the provider, unless the parties otherwise agree in writing to a different schedule;

(B) that if, within 30 days following the initial meeting, the parties have not resolved the dispute, the dispute shall be submitted to mediation directed by a mediator who is mutually agreeable to the parties and who is not regularly under contract to or employed by either of the parties; each party shall bear its proportionate share of the cost of mediation, including the mediator fees;

(C) that if, after a period of 60 days following commencement

of mediation, the parties are unable to resolve the dispute, either party may seek other relief allowed by law;

(D) that the parties shall agree to negotiate in good faith in the initial meeting and in mediation;

(5) states that a health care provider may not be penalized or the health care provider's contract terminated by the **health care insurer** [MANAGED CARE ENTITY] because the health care provider acts as an advocate for a covered person in seeking appropriate, medically necessary medical care services;

(6) protects the ability of a health care provider to communicate openly with a covered person about all appropriate diagnostic testing and treatment options; and

(7) defines words in a clear and concise manner.

(b) A contract between a participating health care provider and a **health care insurer** [MANAGED CARE ENTITY] that offers a **health care insurance policy** [MANAGED CARE PLAN] may not contain a provision that

(1) has as its predominant purpose the creation of direct financial incentives to the health care provider for withholding covered medical care services that are medically necessary; nothing in this paragraph shall be construed to prohibit a contract between a participating health care provider and a **health care insurer** [MANAGED CARE ENTITY] from containing incentives for efficient management of the utilization and cost of covered medical care services;

(2) requires the provider to contract for all products that are currently offered or that may be offered in the future by the **health care insurer** [MANAGED CARE ENTITY]; or

(3) requires the health care provider to be compensated for medical care services performed at the same rate as the health care provider has contracted with another **health care insurer** [MANAGED CARE ENTITY].

(2) a provision for emergency room services if any coverage is provided for treatment of a medical emergency;

(3) a provision that covered medical care services be reasonably available in the community in which a covered person resides or that, if referrals are required by the **policy** [PLAN], adequate referrals outside the community be available if the medical care service is not available in the community;

(4) a provision that any utilization review decision

(A) must be made within 72 hours after receiving the request for preapproval for nonemergency situations; for emergency situations, utilization review decisions for care following emergency services must be made as soon as is practicable but in any event not later than 24 hours after receiving the request for preapproval or for coverage determination; and

(B) to deny, reduce, or terminate a health care benefit or to deny payment for a medical care service because that service is not medically necessary shall be made by an employee or agent of the **health care insurer** [MANAGED CARE ENTITY] who is a licensed health care provider;

(5) a provision that provides for an internal appeal mechanism for a covered person who disagrees with a utilization review decision made by a **health care insurer** [MANAGED CARE ENTITY]; except as provided under (6) of this section, this appeal mechanism must provide for a written decision

(A) from the **health care insurer** [MANAGED CARE

ENTITY] within 18 working days after the date written notice of an appeal is received; and

(B) on the appeal by an employee or agent of the **health care insurer** [MANAGED CARE ENTITY] who holds the same professional license as the health care provider who is treating the covered person;

(6) a provision that provides for an internal appeal mechanism for a covered person who disagrees with a utilization review decision made by a **health care insurer** [MANAGED CARE ENTITY] in any case in which delay would, in the written opinion of the treating provider, jeopardize the covered person's life or materially jeopardize the covered person's health; the **health care insurer** [MANAGED CARE ENTITY] shall

(A) decide an appeal described in this paragraph within 72 hours after receiving the appeal; and

(B) provide for a written decision on the appeal by an employee or agent of the **health care insurer** [MANAGED CARE ENTITY] who holds the same professional license as the health care provider who is treating the covered person;

(10) a provision describing a mechanism for assignment of benefits for health care providers and payment of benefits;

(11) a provision describing availability of prescription medications or a formulary guide, and whether medications not listed are excluded; if a formulary guide is made available, the guide must be updated annually; and

including audiotape or braille information.

*** Sec. 4.** AS 21.07.030(a) is amended to read:

(a) If a **health care insurer** [MANAGED CARE ENTITY] offers a **health care insurance policy** [MANAGED CARE PLAN] that provides for coverage of medical care services only if the services are furnished through a network of health care providers that have entered into a contract with the **health care insurer** [MANAGED CARE ENTITY], the **health care insurer** [MANAGED CARE ENTITY] shall also offer a non-network option to covered persons at initial enrollment, as provided under (c) of this section. The non-network option may require that a covered person pay a higher deductible, copayment, or premium for the plan if the higher deductible, copayment, or premium results from increased costs caused by the use of a non-network provider. [THE MANAGED CARE ENTITY SHALL PROVIDE AN ACTUARIAL DEMONSTRATION OF THE INCREASED COSTS TO THE DIRECTOR AT THE DIRECTOR'S REQUEST. IF THE INCREASED COSTS ARE NOT JUSTIFIED, THE DIRECTOR SHALL REQUIRE THE MANAGED CARE ENTITY TO RECALCULATE THE APPROPRIATE COSTS ALLOWED AND RESUBMIT THE APPROPRIATE DEDUCTIBLE, COPAYMENT, OR PREMIUM TO THE DIRECTOR.] This subsection does not apply to a covered person who is offered non-network coverage through another **health care insurance policy** [MANAGED CARE PLAN] or through another **health care insurer** [MANAGED CARE ENTITY].

*** Sec. 5.** AS 21.07.030(b) is amended to read:

(b) The amount of any additional premium charged by the **health care insurer** [MANAGED CARE ENTITY] for the additional cost of the creation and maintenance of the option described in (a) of this section and the amount of any additional cost sharing imposed under this option shall be paid by the covered person unless it is paid by an employer or other person through agreement with the **health care insurer** [MANAGED CARE ENTITY].

*** Sec. 6.** AS 21.07.030(c) is amended to read:

(c) A covered person may make a change to the medical care coverage option provided under this section only during a time period determined by the **health care**

**insurer** [MANAGED CARE ENTITY]. The time period described in this subsection must occur at least annually and last for at least 15 working days.

*** Sec. 7.** AS 21.07.030(d) is amended to read:

(d) If a **health care insurer** [MANAGED CARE ENTITY] that offers a **health care insurance policy** [MANAGED CARE PLAN] requires or provides for a designation by a covered person of a participating primary care provider, the **health care insurer** [MANAGED CARE ENTITY] shall permit the covered person to designate any participating primary care provider that is available to accept the covered person.

*** Sec. 8.** AS 21.07.030(e) is amended to read:

(e) Except as provided in this subsection, a **health care insurer** [MANAGED CARE ENTITY] that offers a **health care insurance policy** [MANAGED CARE PLAN] shall permit a covered person to receive medically necessary or appropriate specialty care, subject to appropriate referral procedures, from any qualified participating health care provider that is available to accept the individual for medical care. This subsection does not apply to specialty care if the **health care insurer** [MANAGED CARE ENTITY] clearly informs covered persons of the limitations on choice of participating health care providers with respect to medical care. In this subsection,

(f) If a contract between a health care provider and a **health care insurer** [MANAGED CARE ENTITY] is terminated, a covered person may continue to be treated by that health care provider as provided in this subsection. If a covered person is pregnant or being actively treated by a provider on the date of the termination of the contract between that provider and the **health care insurer** [MANAGED CARE ENTITY], the covered person may continue to receive medical care services from that

provider as provided in this subsection, and the contract between the **health care insurer** [MANAGED CARE ENTITY] and the provider shall remain in force with respect to the continuing treatment. The covered person shall be treated for the purposes of benefit determination or claim payment as if the provider were still under contract with the **health care insurer** [MANAGED CARE ENTITY]. However, treatment is required to continue only while the **health care insurance policy** [MANAGED CARE PLAN] remains in effect and

(1) for the period that is the longest of the following:

(A) the end of the current **policy or** plan year;

(B) up to 90 days after the termination date, if the event triggering the right to continuing treatment is part of an ongoing course of treatment;

(C) through completion of postpartum care, if the covered person is pregnant on the date of termination; or

(2) until the end of the medically necessary treatment for the condition, disease, illness, or injury if the person has a terminal condition, disease, illness, or injury; in this paragraph, "terminal" means a life expectancy of less than one year.

(8) a determination by the external appeal agency on the decision must

(A) be made orally or in writing and, if it is made orally, shall be supplied to the parties in writing as soon as possible;

(C) state, in layperson's language, the basis for the determination, including, if relevant, any basis in the terms or conditions of the **policy** [PLAN OR COVERAGE]; and

(C) for any portion of the coverage where the premium is indivisible, the tax shall be computed by using the method of allocation that pertains to the classification describing the predominant coverage;

(2) if the information provided by the surplus lines broker is insufficient to substantiate the method of allocation used by the surplus lines broker, or if the director determines that the broker's method is incorrect, the director shall determine the equitable and appropriate amount of tax due to this state as follows:

(A) by use of the allocation schedule if the risk is appropriately identified in the schedule;

(B) if the allocation schedule does not identify a classification appropriate to the coverage, the director may give significant weight to

documented evidence of the underwriting bases and other rating criteria used by the insurer; the director may also consider other available information to the extent sufficient and relevant, including the percentage of the insured's physical assets in this state, the percentage of the insured's sales in this state, the percentage of income or resources derived from this state, and the amount of premium tax paid to another jurisdiction for the policy.

(g) If the amount of tax due under (a) of this section is less than $50 in any jurisdiction, the tax must be paid in the jurisdiction in which the reports and summary of exported business are filed.

(h) The director shall, at least annually, furnish to the commissioner of a remitting state a copy of all filings reporting an allocation of taxes required by this section.

(i) This section does not apply to insurance of risks of state government or its political subdivisions, to an agency of state government or its political subdivisions, or to insurance of aircraft primarily engaged in interstate or foreign commerce.

(j) A surplus lines broker shall pay to the division a late payment fee of $50 a month plus five percent of the tax due each calendar month or part of a month during which the broker fails to pay the full amount of the tax or a portion of the tax and interest at the rate of one percent of the tax due each calendar month or part of a month for the period the broker fails to pay the tax. The late payment fee, not including interest, may not exceed $250 plus 25 percent of the tax due. The tax payment shall be made in the form required by the director, or a penalty shall be added to the tax equal to 25 percent of the tax due, not to exceed $2,000, with a minimum penalty of $100. In addition to any other penalty provided by law, if the provisions of this section are wilfully violated, a civil penalty may be assessed of not more than $10,000.
