House Bill 353 ver O

Marital & Family Therapy Lic. & Services

“An Act relating to the licensure of marital and family therapists; relating to medical assistance for marital and family therapy services; and providing for an effective date.”

HB 353 updates and clarifies the supervisory requirements for licensed marital and family therapists (LMFTs). LMFTs must be supervised during their 1,700 hours; of those hours, 100 must be for individual supervision and 100 for group supervision. HB 353 will allow the 200 hours of supervision to be attended by more than one supervisor. Currently, LMFTs are restricted to one supervisor to complete their clinical hours. HB 353 adds a new requirement that practicing marital and family therapists (MFTs) can have one or more supervisors for individual supervision and group supervision, so long as the authorized supervisor is qualified by the licensing board.

Considering the need for mental health clinicians in Alaska, HB353 expands medical assistance reimbursement services to cover services provided by LMFTs. This will address the shortage of Medicaid-eligible behavioral health providers in the state, afford more options for beneficiaries, and increase access to care.

In 2016, the Alaska Board of Marital and Family Therapy unanimously recommended the statute changes contained in HB 353. Specifically, designating LMFTs as providers eligible to render and bill for Medicaid-funded services as independent practitioners under AS 47.07.030(b), and clarifying supervisory requirements for licensed marital and family therapists.
