SUBJ: Memo of Changes

The House Military and Veterans Affairs Committee adopted one amendment to House Bill 152. The change took place on page 3, line 22 which clarified that the organized militia may not be used against or to mitigate any lawful activity. The previous language was specific to only organized labor activity.

The House State Affairs Committee deleted language related to the immediate response authority for the Adjutant General – deleted section 2 and most of section 3 of version U. This language would have allowed the Adjutant General to call the organized militia to duty in circumstances in which the Governor was unreachable in the event of a natural disaster or under imminently serious conditions where time or circumstance does not permit approval from the Governor.
