Explanation of Amendments #4 and #5

Amendment #4

This amendment proposes removal of subsections (g) and (h) from all three manufacturer retail licenses. Subsections (g) require manufacturers to sell not more than 20 percent of their total volume to the public after four license renewal periods. Subsections (h) grandfather current manufacturer retail licensees.

Amendment #5

This amendment clarifies that a common carrier is not subject to board approved alcohol server education by referencing the exception in existing section (e) in subsection (a). The sections are restructured for further clarity. This amendment also makes a minor correction to the penalty provision of failure to comply with alcohol server education requirements by referencing existing section (e).
