RE: Senate budget vote - Restore the Full PFD (HB286)
April 5, 2018

The Permanent Fund Defenders group strongly urges the Alaska Senate to fully fund the PFD in the budget according to existing law. Attached is a petition with 3900 signatures statewide that support protecting the PFD's current formula in the Alaska Constitution and no change to the PFD and Fund without a public vote. See the petition at www.change.org/p/defend-our-pfd-and-fund-now

The Earnings Reserve Account has never been tapped for government spending. This is a historic move by government. Alaskans will accept your plan to spend earnings conservatively only if you do not cut the PFD. Including the PFD in government revenue is a raid that a majority of voters definitely oppose.

The Permanent Fund Defenders is a non-partisan group engaging Alaskans statewide to protect the Permanent Fund and the Owner State through education. Leaders include former Senators Clem Tillion and Rick Halford who helped found and build the Permanent Fund system and Dr. Jack Hickel who is a founder of a new non-profit called the Alaska Center for the Commons. The Permanent Fund Defenders includes Alaska residents across the state who are shareholders of the Permanent Fund and receive the PFD as an equal, direct share of resource wealth. Our interest is maintaining the current system and not compromising with PFD cuts.

Most Legislators say they are against an income tax. But a PFD cut is the worst of taxes, imposed only on Alaskans, which takes more from low-income Alaskans. The less fortunate you are, the more you pay.

Our group supports protecting the PFD in the Alaska Constitution with the current formula. Many in our organization have a long-term involvement in protecting the Permanent Fund. We opposed the government budget plan in 1999 that resulted in an 83% advisory vote rejecting the proposed budget plan with a PFD cut. The Permanent Fund Defenders have an

iron-clad commitment to securing the successful Permanent Fund system for the maximum benefit of the residents.

Now, and in the future, if the Legislature adopts changes to the Fund and PFD formulas without voter consent we will fight to reverse the threat. It is our promise to Alaskans. We look forward to our elected leaders restoring citizens' trust in government going forward. Fully funding the PFD and finding other solutions to address the budget gap is an important step in that direction.

Thank you for protecting the Permanent Fund system for Alaska's future generations,

Permanent Fund Defenders

Petition supporting SJR1 to the Alaska Legislature by Permanent Fund Defenders.

Submitted 2-20-18

DEFEND Our PFD and Fund NOW. (www.change.org/p/defend-our-pfd-and-fund-now)

Thanks for signing this petition if you are an ALASKA RESIDENT. Please include where you live in Alaska. If you are not, your help for this cause is welcome with a donation to Permanent Fund Defenders. Go to www.gofundme.com/pfdak
Many from around the world have offered support, thank you for helping Alaskans defend our Permanent Fund and citizen rights in the Commons!

ALASKAN VOTERS: Sign this petition and contact your Legislators to save our PFD and Permanent Fund in the 2018 Session! Demand YOUR vote to lock the PFD securely in the Constitution safe from politicians.

As the Owner State, Alaska's resource wealth belongs to all Alaskans. Governor Walker and the Legislature are planning AGAIN to restructure and spend the PFD and Fund earnings without public consent. This theft endangers the Fund and blocks the rights of Alaskans.

We have other solutions to Alaska's fiscal problems including getting a fair share for our resources, budget reform, and raising revenues in ways that Alaskans choose.

Alaska Legislators, as our elected representatives, we urge you to do everything in your power to protect the public interest for Alaska voters and Permanent Fund shareholders through the following actions. We strongly support these votes:

OPPOSE THE PFD AND FUND RESTRUCTURE: VOTE NO on Governor Walker's plan to restructure and spend from the PFD and Permanent Fund without public consent. Don't allow this! Support a Referendum to repeal if this passes. Instead, restore Alaskans PFDs from 2016-17.

SUPPORT A PUBLIC VOTE ON PFD USE: VOTE YES to pass legislation requiring a 2018 PFD Advisory Vote by the People of Alaska to decide if PFD money will be used for government spending this year. No PFD change without the Peoples' consent!

SUPPORT A CONSTITUTIONAL PFD GUARANTEE: We support a 2018 public vote for a Constitutional Amendment to guarantee our full PFD, according to the historic formula, in the future. Tell them to PASS the bill called SJR1 for this vote. The PFD will never be safe without this.

Thanks for signing and sharing on this legislation to protect Alaskans' dividend and Fund. Join Permanent Fund Defenders and donate to help at get this message out in media at www.pfdak.com

The FUND and PFD RESTRUCTURE plan with a POMV and PFD cut is a dangerous dismantling of a system that's not broken: <https://www.adn.com/opinions/2016/08/23/fiscal-plan-must-strengthen-both-permanent-fund-and-dividend/>

RESTORE the PFD Funds cut in 2016 and 2017. This is a regressive tax. Every \$1000 of a PFD brings 12-25,000 people above poverty and it will lift the economy out of the recession with a billion dollars in economic activity.

<http://www.ktuu.com/content/news/Permanent-Fund-dividends-keep-thousands-of-Alaskans-above-poverty-line-report-408114335.html>

AN ADVISORY VOTE ON THE PFD was Governor Knowles' and Legislature's plan in 1999. They said then, it's the right of Alaskans to decide on changes to the Fund and PFD. It still is: <http://www.web-ak.com/pfd/knowles.html#letter>

TIME FOR A CONSTITUTIONAL AMENDMENT FOR OUR PFD. These raids will continue until the PFD has guaranteed Constitutional protection. The PFD connected to the performance of the Fund makes the public watchdogs on the government from spending down the Peoples' Fund. Preserve this successful model of wealth sharing in the Commons for today and future generations of Alaskans. <https://www.adn.com/opinions/2016/12/17/do-alaskans-have-a-constitutional-right-to-the-pfd/> Here is the bill now in the Legislature <http://www.akleg.gov/basis/Bill/Text/30?Hsid=SJR001A>

More about the Permanent Fund Defender group on Facebook at www.facebook.com/pfdak and website at www.pfdak.com Leaders include founders of the Permanent Fund, Clem Tillion and Rick Halford and officers, Jim Crawford, Dr. Jack Hickel and Juanita Cassellius. This is a non-partisan, educational non-profit group welcoming Alaskans from all parties to join this fight together to save our Fund and PFD.

Subject: PFD Cuts

Hello,

I recently read that the full PFD was approved for payment this year before being cut.

Using the funds from the PFD is not a sustainable way to fund government. Can we explore other streams of income? People want all the services for free, but maybe we should look at charging for services. We could also look at having persons using free social services or persons on parole perform "community service" to stay eligible for services. Open up more opportunities for volunteers in the community to cut costs. I for one would work volunteer shifts planting flowers, trees or putting up flowers, picking up trash along highways, etc. We could have more community fund raising activities. For example, hold a chili cook off for a donated prize and charge \$5-\$10 entry fee for persons wanting to come have a taste and \$20 for people wanting to enter. It's a great idea because I hear all the time, "there's nothing to do in this town." It might not raise a lot of money, but it's fun, bring the community together and will offset the costs.

Please stop cutting the PFD payable to the Alaskan people, a lot of people depend on that money. And it's not right to keep cutting it and it's upsetting the people.

Thank you,
Sarah Hiler

This a sad, sad day for Alaskans as we watch our elected officials steal money from "OUR" PFD. You have chosen to spend, spend, spend monies over the past years without no regards to the States future and now you choose to steal money without any regards to what that full dividend would do to the economy and how so many Alaskans depend on this PFD.

Shame on you for stealing money from us Alaskans who value the PFD and what it can do for us.

I know this email falls on deaf ears because you have made up your minds already and you think you know what is best for Alaska but you all are thieves. No different from the common thief who steals from the public.

Shame on you!!!!

Attention Committee,

What this current Alaskan government is doing is wrong. The very weight of the name of the PERMANENT Fund Dividend should give you legislators a clue as to how to treat this issue. This is just as bad as the United States Government denying people their Social Security or Disability payment. You are setting a precedent for the American People, and they are paying attention. You are giving us a reason to distrust and doubt the people we vote into public office. You are abusing your status by not effectively drawing a decent budget and lazily relying upon money that was never yours to use in the first place. Stop lining your pockets with The Peoples Money.

Thank you,

Kristen Holland

I am reaching out to you as a very concerned citizen. This theft of the peoples permanent fund is criminal.
We the people demand the PFD be added to the Alaska Constitution, you should not be able to take this without a vote of the people

I am an average citizen living on Prince of Wales Island in Southeast Alaska. I'm not sure if my thoughts on the matter of the PERMANENT Fund even counts or will make a difference but I have to try. I live in an area that the cost of living is very high. Electricity, heating fuel, groceries, fuel for my truck, medical, ... Barge prices have nearly trippled in the last few years driving everything even higher. Some people have had to move from this beautiful island because there isn't much by the way of economy any longer plus the cost of living continually going up. Businesses are closing all the time. Many people CANT move. Many have NO WHERE else to go. Do you really want your State in a high poverty status? I thought the PFD was created to attract people to move here and help sustain their needs! Well, I see a lot of people around me who are in need. Need of help with heating fuel, to be able to afford NUTRITIOUS food for their children, warm clothes, transportation, etc. EVERYday living expenses.

I have to wonder if politicians even think about these people when they themselves are warm, full and enjoying all the pleasures they have at their fingertips.

Some of these ALASKAN residents fought in wars to buy YOUR freedom. Some worked, and some still working, to make Alaska the Great State it is today. Some have worked hard all their lives, paying taxes, supporting the economy in many ways, helping their neighbors and so forth. I see people all the time unable to travel to see dying loved ones because airline tickets here are so expensive. (we only have AK Airlines here and that is only after a three hour ferry trip! More expenses)

Now they/we are asking for the PFD to be restored to help real people with real needs, the NEEDS of everyday life. So many take for granted that they live in a good economy area and life is good for the most part. Please consider the fact that that isn't the case for everyone. The PFD brought people to Alaska and now the same people need the PFD to help support their families. Many here live a subsistence lifestyle here and even that has been getting harder to do in recent years. The wolf population, that our government is protecting, are devistating our wild game. The commercial crabbers, clambers and such are depleting other important resources. When are you guys going to REALLY open your eyes to the needs of the people. We ARE real people!

Something to consider

THE GOLDEN RULE

Sincerely, a citizen of the State you represent.

Have a great day! 😊

Stop taking money that doesn't belong to you restore our PFD. Many people rely on that to help get them through the year. You never should have taken it to begin with. The people of Alaska are talking you should listen. We have more power than you give us credit for. Anyone running for re-election should take note we the people are watching. We are your boss we don't have to hire you back.

It's not the people's fault that you all over-spent and now have to scramble to try to make ends meet. Cutting the PFD to pay for state services is BS. Not only that but it's unconstitutional. If you want to spend OUR money on stuff it needs to be approved by a PUBLIC vote. Continue cutting the PFD and you may find yourselves out of a job by way of voting you out. The house approved a 2,700 PFD and then turned around and took 1,100 from that making it 1,600. And the Senate plans on cutting it more. I'm very disappointed with Gov. Walker. Bye bye thieves!:))

Please allow us to receive a full PFD as I warn you now anyone who votes to not give us the full dividend will be elected out of office just like Walker is going to be this fall.

Its your choice, do I like this job or not.

Subject: Public testimony HB 286 operating budget

Dear Finance Committee,

I am against HB 286

Pay the Permanent Dividend Fund* in full. You do not have consent to use the people's royalties without the vote of the People. It is our mineral rights. Alaskans own the resources. I do not support touching our earning to try an bandaid reckless spending of our government. Why would we give more money to anyone who has proven they don't know how to balance a budget. You don't give more funds to spend more and get less. 11 billion dollars for less than a million people.

Alaska is not broke. Our resources are just being mismanaged. We are not getting our fair share. We have oil fields pumping oil and the state has no production tax on them. This is not in the best interest of the People.

Pay the Permanent Dividend Fund in Full. Return what was withheld in 2016-2017.

Francesca Allegrezza
Anchorage, Alaska

We want the \$2700 plus the last 2 years cuts. We shouldn't be asking for our money. Thank you for your time reading this.
