Subject: HB 142, HB 79

Dear Senator,

Please support House Bills 142 and 79 in their original state. As a worker in this state it is important to me that you understand what these bills mean to me and my family. I work construction, and the increase in the unemployment insurance benefit will help me be able to look for work at home instead of having to travel out of the state. With the work in Alaska be as seasonal as it is, there are times where I may work very little. Please support the \$510 dollars a week, it will make a big difference to people like me.

As for HB 79, I don't understand why I should be held liable for more of the worker compensation? Please look out for the better welfare of the worker.

Sincerely,

Kyle Kaiser
