> SB 91 needs to be repealed!  
>  
> I've been in Alaska since 1961 and the safety of my family has never been a concern until now! Our friends and neighbors have experience the following over the last two years.  
>  
>  
> Friend 1. Car stolen from Blaine's parking lot. Found with \$1500 damage, lots of trash and boxes of live ammunition.  
>  
> Friend 2. A. In Fred Meyer's parking lot, groceries and iPhone stolen from car while taking grocery cart back to storage rack approximately 50 feet away.  
B. Garage broken into and owner assaulted.  
>  
> Friend 3. Home broken into.  
>  
> Friend 4. Sons truck stolen.  
>  
> Friend 5. Car stolen and used in multiple robberies  
>  
> Restaurant waitress. Home broken into.  
>  
> Fred Meyer's on Abbot Road. West end entrance door locked at 6 o'clock in the evening.  
>  
> Mailboxes robbed.  
>  
> None of these incidences were reported in the news paper but occurred over the last two years. This has got to be only a small indication of what is happening throughout Alaska. There has got to be consequences for a persons action! Repeal SB91, take profit out of crime, and our state will be a much better place to live.
