Lawmakers -

Please do your part to repeal SB 91 this session. Do your jobs! Your constituents are under attack with what is now the dangerous joke of "catch and release" in crime-ridden "Los Anchorage" - with REPEAT OFFENDERS receiving zero consequence. Zero deterrent.

We, two tax-paying law-abiding citizens, had been victimized as follows:

- * TWO personal vehicles stolen (one returned with thousands of dollars of damage, needles, and stolen IDs - not to mention costs of impound and towing; and the other completely totaled),
- * ONE new snow machine stolen, not recovered
- * THREE work vehicles stolen and mass vandalism/theft at my husband's place of business

And, just last night, our 20 year old daughter's apartment was broken into and tossed, yet to be determined what exactly went missing and how close she was to serious harm.

Our judges have no discretion in pre-trial, our peace officers work hard just to endanger their own lives during repeat arrest, and our criminals laugh at the system and our lawmakers.

IT IS TIME TO DO YOUR PART FOR YOUR CONSTITUENTS!

VICTIMS' RIGHTS OVER CRIMINALS' RIGHTS!

STOP ATTRACTING CRIMINALS TO OUR STATE!

VOTE YES ON SB 127!

DJ Carlson
