To whom it may concern,

Please repeal SB 91. This bill has been a bane on our Great State since its inception. We need to punish criminals, not coddle them.

My wife worked retail for a number of years and was extremely frustrated over the inability to deter shoplifters.

In addition, the SB 91 ramifications increasing vehicle theft are reason enough to repeal the bill. No more catch and release!

No money for enforcement and incarceration? See the Alaska Policy Forum website for fat to trim. Lots of good recommendations there.

Lets put convicted felons to work creatively; surely someone could figure out how to do that.

Thank you for your time.

Respectfully,
Charley McCrone
