I would like to voice personal opposition to the part of House Bill 409 which repeals permanent vehicle registration for vehicles that are at least eight years old. A recurring registration vehicle charge for older vehicles is simply a mechanism to generate public funds. Such fees are detrimental to low-income families which struggle to make ends meet. Another fee on their means of transportation could easily be a month's worth of groceries, or could impact their ability to have transportation to their job.

Please remove section 18 of House Bill 409. Thank you.
