

Dear The Alaska State Senate and Governor Bill Walker,

We are pleased to present you with this petition affirming this statement:

"Stop the Abuse! Allow a vote on HB 214 Naming 'Bree's Law.'"

Attached is a list of individuals who have added their names to this petition, as well as additional comments written by the petition signers themselves.

Sincerely,
Cindy Moore

This law is so important for our children & their parents, grandparents for generations to come. Bree's Law was written and brought to reality by Bree's parents, Butch & Cindy Moore. This law will do much for our children, as Bree was meant to do. Pray for our children, pray for The Moore's & say a prayer for all in the service of keeping our generation of children & those to yet be born free from harm.

There is no good reason not to name this Bree's Law while there are many reasons to name this Bree's Law !! Honoring Bree and her tragedy, and using this to educate young ppl about dating violence. Stop playing games, and just change the name to Bree's Law- there is no good reason not to do this!! BREE'S LAW NOW!

Sue Carver
Wasilla, AK 99623

It is imperative that this bill is passed to keep our kids safe. The first step in stopping abuse is to recognize it, the second step is to take action to stop it. That is precisely why it is so important that this bill is passed.

Never in a million years would I have thought my daughter would find herself in an abusive relationship. I didn't raise her that way. She's beautiful, confident and smart. But I lived in fear of my daughter's life for four years. She had a daughter and I feared for her life. My daughter finally escaped the relationship. To this day, I don't know what she saw in her abuser but I support Bree's Law to educate our youth about healthy relationships. Educate youth how to notice the signs and what to do if someone close to them is in danger...

Stop wasting our time and money playing political games. Our state has the highest rates per capita of everything disgusting, including child sexual assault/abuse and domestic/dating violence. Knowledge is power. Stop preventing the empowerment of our youth by keeping this opportunity to learn about safety from them. Your religious views are scewing your judgments.

Women from Alaska need to be educated on how to protect themselves in a dating and marriage situations. Bree's Law is a good starting point. We need to do so much more and why Mr. Kelly is blocking this I don't know. Must be he doesn't have daughters, sisters or female friends. This is a major problem in the state of Alaska!

Glenda Fuster
Mesa, AZ 85212
May 3, 2018

Senator Kelly please allow this name change. This is a major way for these wonderful parents (who are activist in the daughters name) to claim a positive victory for their daughter and others to prevent these violent relationships. Please embrace these parents and their efforts. This should not be a debate. Please allow this vote.

Dee Prescott
Wasilla, AK 99629
May 3, 2018

This law indeed needs to be appropriately named to reflect a wonderful young woman who lost her life due to a violent relationship. Also, for the consideration of her family, friends and community. To not respectfully name this HB is degradation at its highest form for those whom have worked hard to help save others daughters, sisters and/or mothers from a similar tragic situation. To what regard, and with what reasoning could you even consider blocking and taking this away from this family and community?! **YOU SHOULD BE ASHAMED OF YOURSELVES!!! ARE YOU PRO DOMESTIC VIOLENCE?!** How selfish are you that you can't grant this small victory to parents and family which whom have suffered an unspeakable loss? It shows a lack of character in anyone whom would vote against a name change of a bill? **SERIOUSLY?!** This clearly is of no significance to those who voted against a name change! It wasn't your daughters fortunately! I truly hope you don't ever have to experience that kind of loss in your life! That is directly the purpose of this bill! This is another showing of government waste! How much of the states money is spent on this clearly very simple decision? Trust that we the people cannot wait until November! Despicable!

I feel that a vote should be allowed on the renaming of this bill. It is taught in the schools and often referred to as Bree's law already. Renaming this would simply ensure that our youth are all on the same page with a simple identifier that is already familiar to them. no one remembers any bill by number except for SB-91 which was a travesty perpetuated on the Alaska populous.

This is for the good of our children and loved ones! There is no reason this should not pass. Help awareness in our state regarding domestic and dating violence!

Pass the Law already. Think about the future of your kids, grandkids, relatives, all the children! Give them the courage to have a voice! What's the downside??? None!

Please name this bill Bree's Law to bring a name and a face to teen dating violence! Not only does it honor Bree's memory, it also personalizes this tragic issue, so that young people will have an awareness that it could happen to anyone. There is NO GOOD REASON not to rename the bill, and we as voters will remember how our senators acted on this when re-election time comes.

Please, these parents (and many others) have endured enough. Please help others and not let their horrific deaths be in vain. Thank you!
