Members of the Senate Finance Committee,

I understand that HB 119 is now under consideration by your committee. I also understand that this bill includes an amendment which contains language similar to that of an amendment to BB 86.

This amendment is extremely important to restoration of the vested property rights of many Alaskans, including myself, who own property over which the Alaska Railroad passes. It also protects rightful and necessary access by all Alaskans to public and private lands adjacent to the Railroad right-of-way. I strongly urge you to support this measure and include this amendment as part of HB 119.

Thank you very much for your consideration.

Respectfully,

Robert Gastrock
