The plan must meet the [STATEWIDE STANDARDS AND] district plan criteria adopted under AS 46.40.040, may not be inconsistent with the standards adopted under AS 46.40.040, and must include

(1) a delineation within the district of the boundaries of the coastal area subject to the district coastal management plan;

(2) a statement, list, or definition of the land and water uses and activities subject to the district coastal management plan;

(b) In developing enforceable policies in its coastal management plan under (a) of this section, a coastal resource district shall meet the requirements of AS 46.40.070 and ensure that the enforceable policies

(1) are clear and concise as to the activities and persons affected by the policies;

(2) use prescriptive or performance-based standards that are written in precise and enforceable language;

(3) address a coastal use or resource of concern to the residents of

1 the coastal resource district as demonstrated by local knowledge or supported by
 2 scientific evidence; and

3 (4) employ the least restrictive means to achieve the objective of
 4 the enforceable policy [MEET THE REQUIREMENTS OF AS 46.40.070 AND
 5 MAY NOT DUPLICATE, RESTATE, OR INCORPORATE BY REFERENCE
 6 STATUTES AND ADMINISTRATIVE REGULATIONS ADOPTED BY STATE
 7 OR FEDERAL AGENCIES].

8 * Sec. 8. AS 46.40.030 is amended by adding new subsections to read:

- 11 (1) alternative methods of achieving the objective of the policy;
 12 (2) local knowledge or scientific evidence supporting each alternative
 13 method; and

 21 (3) any other relevant factors.

 26 purposes. For those purposes only,

- 27 (1) the issuance of permits, certifications, approvals, and
 28 authorizations by the Department of Environmental Conservation establishes
 29 consistency with the Alaska coastal management program for those activities of a
 30 proposed project subject to those permits, certifications, approvals, and authorizations;
 31 (2) for a consistency review of an activity that does not require a

Department of Environmental Conservation permit, certification, approval, or authorization because the activity is a federal activity or the activity is located on federal land or the federal outer continental shelf, consistency with AS 46.03, AS 46.04, AS 46.09, and AS 46.14 and the regulations adopted under those statutes shall be established on the basis of whether the Department of Environmental Conservation finds that the activity satisfies the requirements of those statutes and regulations.

* **Sec. 12.** AS 46.40.060(b) is amended to read:

(b) If the department finds that a district coastal management plan is not approvable or is approvable only in part under (a) of this section, the department shall explain in writing the basis for its decision. The coastal resource district that submitted the plan may request that the department submit the plan or portions of the plan to the board for review. The board shall review the plan or portions of the plan and make recommendations relating to whether the department should approve or modify the district coastal management plan in whole or in part [IT SHALL DIRECT THAT DEFICIENCIES IN THE PLAN SUBMITTED BY THE COASTAL RESOURCE DISTRICT BE MEDIATED. IN MEDIATING THE DEFICIENCIES, THE DEPARTMENT MAY CALL FOR ONE OR MORE PUBLIC HEARINGS IN THE DISTRICT. THE DEPARTMENT SHALL MEET WITH OFFICIALS OF THE COASTAL RESOURCE DISTRICT IN ORDER TO

RESOLVE DIFFERENCES].

* Sec. 13. AS 46.40.060(c) is amended to read:

(c) After the board has reviewed the district coastal management plan and submitted recommendations under (b) of this section [IF, AFTER MEDIATION, THE DIFFERENCES HAVE NOT BEEN RESOLVED], the department shall enter findings and, by order, may [REQUIRE]

(1) approve the plan or portions of the plan;

(2) require that the district coastal management plan be amended to meet [SATISFY] the provisions of this chapter [OR MEET THE STATEWIDE STANDARDS] and district plan criteria adopted by the department;

(3) require [(2)] that the district coastal management plan be revised to accommodate a use of state concern; or

(4) require the coastal resource district to submit additional information if, in the judgment of the department, additional information is necessary for the department to approve the plan or portions of the plan [(3) ANY OTHER ACTION BE TAKEN BY THE COASTAL RESOURCE DISTRICT AS APPROPRIATE].

* Sec. 14. AS 46.40.060 is amended by adding new subsections to read:

(e) Only a coastal resource district affected by a decision of the department under this section may request reconsideration of the decision. The request must be made within 15 days after the decision, must be in writing, and must include a statement of the specific issues and material facts that the coastal resource district contends that the department overlooked, failed to consider, or misconceived. The commissioner of natural resources may review the department's decision on the basis of the request and determine whether the decision should be changed. The commissioner may issue a determination in writing within 20 days after the issuance of the decision. If the commissioner has not issued a written decision within the 20-day period, the request for reconsideration shall be considered as denied. Denial of a request for reconsideration is a final administrative order and decision of the department.

(f) The superior courts of the state have jurisdiction to enforce orders of the

department entered under (c) and (e) of this section.

(B) are not preempted by or in conflict with state or federal statutes or regulations;

(C) employ the least restrictive means to achieve the objective of the enforceable policies;

(D) do not arbitrarily or unreasonably restrict uses of state concern; and

(E) meet the requirements of (b) and (c) of this section.

(b) The enforceable policies in a district coastal management plan submitted for review under this section must meet the requirements of (a) of this section and may establish new standards or requirements that are within the authority of a state or federal agency unless

(1) a state agency specifically objects to the proposed new standards or requirements on the grounds that the proposed standards or requirements

(A) are based on scientific evidence or local knowledge relied upon by the coastal resource district to satisfy the requirements of AS 46.40.030 but that conflicts with the agency's interpretation of the scientific evidence within the agency's area of expertise;

(B) conflict with the agency's allocation of existing or planned agency resources to meet state policies and objectives; or

(C) conflict with agency priorities or objectives, or other state policies;

(2) the proposed new standards or requirements address discharges, emissions, contaminants, conditions, risks, or other matters that fall within the authority of the Department of Environmental Conservation under AS 46.03, AS 46.04, AS 46.09, AS 46.14, and regulations adopted under those statutes.

(c) An approval of a district coastal management plan with enforceable policies may not affect a person's rights or authorizations under an unexpired permit, lease, or other valid existing right to explore or develop natural resources that predates the date that the enforceable policy becomes final. An enforceable policy becomes final when its adoption is no longer subject to further review through either a judicial or administrative process.

(d) Notwithstanding AS 46.40.030(a)(4), in reviewing and approving a district coastal management plan under (a) of this section, the department may not require a district to designate areas for the purpose of developing an enforceable policy.

(e) In this section, "specifically objects" means that, during a review of a district coastal management plan under AS 46.40.050 or 46.40.060 and their implementing regulations, a written objection to the enforceable policy that establishes the new standards or requirements is filed with the department by

 16 subparagraph, the proposed consistency determination under (2) of this
 17 subsection is the final consistency determination and certification; and

 19 consistent with this subsection.

20 * Sec. 17. AS 46.40.096(o) is amended to read:

 26 applicant has not adequately responded in writing within 14 days after the
 27 receipt of a written request from the reviewing entity for additional
 28 information, until the time the reviewing entity determines that the applicant
 29 has provided an adequate written response;

New matter submitted by a city or village that is not inconsistent with the standards adopted under AS 46.40.040 and meets the [STATEWIDE STANDARDS AND] district plan criteria adopted under this chapter shall be accepted and the district coastal management plan modified accordingly. If a city or village fails to provide objections and suggested alternatives within the time limits established in this section, the coastal resource service area board may adopt the district coastal management plan as initially offered.
