At UAS, we care about your safety. While the campus has been a relatively safe environment in which to study and socialize, it is the responsibility of all students to be aware of and avoid potentially unsafe situations. Faculty, staff and students are encouraged to report any crime or suspicious activity to a university official or local law enforcement. Visit the campus safety page for more information to include the Campus Crime Awareness and Campus Security Act information.

The UAS campus crime statistics are compiled from an in-house database and with cooperation from the local law enforcement office. We use both systems as a check and balance for the crime stats generated for the Clery Act.

The crime statistics are based on a calendar year (January through December) not an academic year. These statistics are published and distributed each Fall Semester. The statistics are also entered in to the Department of Education website. This is a federal requirement and is a means for the government to track compliance.

The Clery Act requires that all staff, faculty and students have access to these crime statistics. The statistics are published in the UAS Annual Security Report . For more information about the report, please contact:

DISCLOSURES TO ALLEGED VICTIMS OF CRIMES OF VIOLENCE OR NON-FORCIBLE SEX OFFENSES

UAA will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the University against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, UAA will provide the results of the disciplinary hearing to the victim's next of kin, if so requested.

SEX OFFENDER GENERAL INFORMATION

The Campus Sex Crimes Prevention Act is a federal law which provides for the tracking of convicted sex offenders enrolled at or employed by institutions of higher education. The Act's intent is to extend the protections of sex offender registries to college campuses. Sex offenders who must register with the State of Alaska must also provide notice to the State that they are employed, carry on a vocation at, or are a student at UAA. Information concerning registered sex offenders may be obtained from the Alaska Department of Public Safety through the following web site: *www.dps.state.ak.us/sorweb.*

DEFINITION OF CLERY TERMS USED IN STATISTICS TABLES ON PAGES 47 - 53

    c. By a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner;
    d. By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred, or
    e. By any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.
2. Any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Stalking
Engaging in a course of conduct directed at a specific person that would cause a reasonable person to:
1. Fear for the person's safety or the safety of others; or
2. Suffer substantial emotional distress.

For the purposes of this definition:
- a. Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.
- b. Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.
- c. Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

Hate Crimes

A crime that manifests evidence that the victim was intentionally selected because of the perpetrator's bias against the victim. The applicable categories of bias include the victim's actual or perceived race, gender, gender identity, religion, sexual orientation, ethnicity, national origin and disability.

2015 FIRE SAFETY REPORT

CAMPUS FIRE SAFETY RIGHT-TO-KNOW ACT

The Campus Fire Safety Right-to-Know Act was signed into law on August 14, 2008. This legislation requires colleges and universities to report fire safety information related to on-campus residence halls. The 2015 Fire Safety Report includes general information and fire statistics from the previous three calendar years (2012-14) for UAA's three residential communities.

Several statistics are required to be included in the report: the number of fires; fire-related deaths; fire injuries; the cause of these fires; as well as the amount of damage caused by fires. Additionally, UAA is required to report the fire safety features of on campus residence halls including sprinklers, fire alarms, and other fire/life safety systems along with plans for future improvements to fire safety systems. Finally, UAA is required to list the type and amount of fire safety training provided to students and employees.

This report is published by:

FIRE SAFETY REPORT DEFINITIONS

Quoted from the "Campus Fire Safety Right-to-Know Final Regulations."

Fire
Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

Cause of Fire
The factor or factors that give rise to a fire. The causal factor may be, but is not limited to, the result of an intentional or unintentional action, mechanical failure, or act of nature.

Value of Property Damage
The estimated value of the loss of the structures and contents in terms of the cost of replacement in like kind and quantity. This estimate should include contents damaged by fire, and fire related damages caused by smoke, water, and overhaul; however, it does not include indirect loss, such as business interruption.

FIRE SAFETY REPORT

The UAA Fire Safety Report is compiled by the Dean of Students Office and Environmental Health & Safety and Risk Management Support (EHSRMS) Office of Emergency Management.

FIRE SAFETY SYSTEMS

UAA's residence halls (North, East, and West Halls) are equipped with smoke detectors and water sprinklers. Any alarm activated in those buildings reports directly to University Police Dispatch with 'addressable' information about the event location. Fire extinguishers are installed in each suite, and in the hallways. The six Main Apartment Complex (MAC) buildings are also addressable, and feature smoke detectors, carbon monoxide detectors, and sprinklers. Fire extinguishers are installed in common areas.

The remaining student housing facilities, known as the Templewood Apartments (TW), are townhouse style and now feature addressable smoke detectors. They also have stand-alone carbon monoxide detectors that do not report to UPD Dispatch. They are fully outfitted with water sprinklers, and activated sprinkler sensors report to University Police Dispatch. Fire extinguishers are installed in common areas.

IMPROVEMENT PLANS IN FIRE SAFETY

Facilities Maintenance is developing a comprehensive database for fire suppression testing and inspections for all University-owned buildings. Several Maintenance employees are being trained by factory representatives for various fire systems found across campus.

FIRE PREVENTION POLICIES

Smoking is not permitted inside any residence hall or apartment, and is restricted to outdoor areas 50 feet or more from buildings. Effective November 19, 2015, the Anchorage campus will be smoke- and tobacco-free. Among prohibited items in student housing units are: waterbeds, hot tubs, incense, candle warmers, oil lamps, fireworks, "open flames," hot plates, halogen lamps, lighted signs, candles, portable appliances with open coil burners, containers of flammable fuels (such as gasoline, kerosene, propane), internal combustion engines, exposed heating elements, and "cooking appliances or devices." The use of candles for birthdays or religious purposes is permissible when closely monitored by the resident. Microwave ovens, coffee pots, and popcorn cookers are allowed. Barbecue grills may be used, when at least fifteen feet from a building. Mid-semester safety inspections are conducted by resident advisors and may be conducted more frequently in the Templewood and MAC apartments.

FIRE SAFETY EDUCATION

Residential students are given basic fire safety and evacuation guidance during mandatory orientation sessions early in the fall semester. Further information is provided in the Fact Finder Student Handbook, Guide to Living on Campus, Housing Emergency Plan posters visible throughout each residential facility, and during various public events on campus taking place during September such as Safety Awareness Month.

FIRE DRILLS HELD IN 2014

Evacuation drills were conducted during daytime hours in March and October in the residence halls and Main Apartment Complex. While hardware and procedures worked well, a few students took in excess of ten minutes to leave their buildings, and one was disciplined for not evacuating at all from West Hall. No drills were conducted in Templewood apartments.

EVACUATION PROCEDURES

Students, employees and guests evacuating during an alarm are instructed to exit using the nearest door and stairwell, to avoid elevators, to stand back a minimum of fifty feet from the structure, and to make way for responding emergency personnel. For the purpose of including statistics in the annual fire safety report, fires should be reported to the on-duty Residence Coordinator or the UAA Emergency Manager.

Residents are restricted from returning to the building until an all-clear has been issued by authorities and the bells/horns have been silenced. During extreme weather or extended periods of time, temporary shelter is offered by opening the Gorsuch Commons facility.

REPORTING A FIRE

Incidents of fire are reported to the University Police or by calling municipal responders at 911. For the purpose of including statistics in the annual fire safety report, fires should be reported to the on-duty Residence Coordinator or the UAA Emergency Manager. A subsequent notification would then be made to the Director of Residence Life and/or Incident Management Team for incident management.

FIRE SAFETY SYSTEMS

KPC's residence hall is equipped with smoke detectors and water sprinklers. Any alarm activated reports directly to a contracted alarm monitoring company with 'addressable' information about the event location. The monitoring company will initiate emergency response as well as contact the Residence Life Coordinator. Fire extinguishers are installed in each suite, and in the hallways.

IMPROVEMENT PLANS IN FIRE SAFETY

There are no improvement plans at this time. However, staff will inspect fire exits and lighted exit signs weekly, and smoke detectors and fire extinguishers monthly. Staff will report any equipment found to be in non-working condition. Maintenance staff will also create a preventative maintenance schedule to replace batteries and recharge fire extinguishers annually.

FIRE PREVENTION POLICIES

To comply with local and state codes and to observe prudent safety precautions, KRC Residence Life Personnel will enforce the following fire safety regulations:

1. Open flames, including candles, incense, kerosene lamps or stoves, and other similar items are not permitted in any college housing unit.
2. No flammable or combustible liquids such as gasoline, propane, or similar substances may be stored in any university-owned or approved housing unit. Turpentine, kerosene, paint thinner, and similar flammable substances used for camping or art classes may be stored in storage rooms or bathrooms in small quantities; no more than one half gallon. These should not be stored near heaters or any heat-producing appliances, nor should they be kept in a fashion where they might tip or spill. Additionally, such substances may only be stored in the approved containers in which they were sold. Any flammable substances found in student housing that violate this policy will be confiscated and disciplinary action will be taken against those responsible for storing such substances.
3. No paneling or excessive tapestry (unless fire treated and for which permission has been obtained from the Associate Director of Residence Life) is permitted in student housing.
4. Smoke detectors are not to be covered or blocked. Additionally, nothing should be hung from or affixed to smoke detectors in any way.
5. No tampering with the wiring or components of the smoke detection, carbon monoxide, or alarm systems is permitted. Fire extinguishers are not to be removed from their proper locations, including the wall-mounted extinguishers in suites, or to be discharged except in the event of a fire emergency. Nothing can be attached to, or hung from, sprinkler heads. To do so may activate the building's sprinkler system and cause thousands of dollars' worth of damage to college and private property. There is a $50-100 fine and disciplinary action for tampering with fire safety equipment, including smoke and heat detectors, pull boxes, alarms and sirens, sprinkler heads, extinguishers, or fire panels.
6. Fire doors and any other doors with closing mechanisms are to be kept closed at all times except in the event of fire emergency. Fire exits may not be blocked with any furniture or objects. They must remain clean and empty at all times.
7. Only college wiring is allowed in units and suites. Extension cords are not allowed at any time. Power strips no longer than 12" are allowed. Students should take caution not to overload circuits

with too many large appliances; televisions, stereos, and other such appliances should be plugged directly into the wall electrical outlet. All approved heat-producing appliances such as hair dryers, coffee pots, popcorn poppers and irons must be plugged directly into wall outlets and unplugged when not in use.

8. Electrical cords must be exposed at all times; they may not be placed under carpets or rubber molding.
9. Flammable holiday decorations such as real Christmas trees, wreaths or garland made from spruce boughs, and untreated bunting is not permitted in student housing units.
10. No partitions or wall-like structures are to be installed in housing units by students.
11. Nothing is allowed to block, even partially, any means of egress, including doorways and windows. Furniture placed in front of windows must not be higher than will allow for access to the windowsill and for individuals to easily climb over the furniture to escape through the window.
12. Safety signs and markings are not to be tampered with or defaced.
13. The use of space heaters in student housing units is not permitted. Space heaters will be confiscated.

FIRE SAFETY EDUCATION

Residential students are given basic fire safety and evacuation guidance during mandatory orientation sessions early in the fall semester. Further information is provided in the Residence Hall Handbook, Housing Emergency Plan posters visible throughout each residential facility, and during various public events on campus taking place through the academic year.

FIRE DRILLS IN 2014

The Department of Residence Life conducted an evacuation drills in January 2014 and September 2014.

EVACUATION PROCEDURES

In the event of evacuation due to a fire or fire alarm, housing residents will meet at the front of the housing complex. In the winter months they will gather in the Career and Technical Education Center building, unless directed elsewhere (RAs will have keys to the CTEC building). Students should anticipate notable wait times outdoors before exiting their suites, and should therefore grab proper footwear, coats, and hats for the weather before leaving the building. Weather in Alaska can be harsh, and students might be waiting in snow, rain, or extreme cold until the buildings are cleared. An indoor rally point will be identified when extended displacement times have been determined. In case of evacuation, students will be notified of their ability to re-enter student housing by appropriate hall staff, the Soldotna Police Department, Central Emergency Services, or other emergency personnel.

REPORTING A FIRE

Incidents of fire are reported to the local emergency response agency by calling municipal responders at 8911. For the purpose of including statistics in the annual fire safety report, fires should be reported to the Residence Life Coordinator. A subsequent notification would then be made to the Associate Director of Residence Life and/or Incident Management Team for incident management.

FIRE LOG

PWSC is required to maintain a fire log for all reportable fire events. The log will include the date, nature of the fire, date reported, and location. A printed copy of this log is maintained by and is available at the PWSC Administrative Services Office.

FIRE SAFETY SYSTEMS IN STUDENT HOUSING

PWSC's residential apartment complex buildings (Copper Basin, Cordova, and Valdez Halls) are provided smoke detectors, heat sensors, and water sprinklers. Any alarm activated in those buildings reports directly to Valdez Police Dispatch with 'addressable' information about the building location. Fire extinguishers are installed in each suite, and in the hallways. Each building has egress emergency lighting. Egress windows are installed in each apartment and every bedroom.

The Valdez Fire Station #1 is located approximately 400 feet from the Housing Complex.

IMPROVEMENT PLANS IN FIRE SAFETY

During the 2014 fire drill, occupants quickly responded and assembled as instructed. All three buildings evacuated in less than five minutes. After a sweep of the rooms by the Valdez Fire Department and PWSC staff, it was determined that all occupants had vacated. All bells worked. All interior and exterior strobe lights functioned property. No propped doors were found. Therefore, there are no improvement plans at this time.

FIRE PREVENTION POLICIES

Smoking is not permitted inside any residence hall or apartment, and is restricted to outdoor areas 20 feet or more from buildings. Among prohibited items in student housing units are: hot tubs, incense, candles and other open flames, oil lamps, fireworks, hot plates, halogen lamps, space heaters, lighted signs, portable appliances with open coil burners, containers of flammable fuels (such as gasoline, propane or similar items), internal combustion engines, exposed heating elements, and cooking appliances or devices with exposed heating elements. Coffee pots, crock pots, popcorn cookers and similar appliances are allowed. Barbecue grills may be used, when at least 15 feet from a building.

Mid-semester safety inspections are conducted by the Housing Manager and Maintenance staff, resident advisors (RAs), and/or the Campus Safety Committee.

Please refer to the Residence Life Handbook for a full list of student housing fire code, fire prevention, and fire evacuation policies, available from the Housing Manager in the main campus building, Room 131E, or online at *www.pwscc.edu/residence-life-handbook.shtml.*

FIRE SAFETY EDUCATION

Residential students are given basic fire safety and evacuation guidance during orientation sessions early in the fall and spring semesters. Further information is provided in the Student Handbook, the Residence Life Handbook, and in the "Public Safety Agreement" that each resident signs upon move-in. "Housing Evacuation Plan" posters are visible throughout each residential facility.

FIRE DRILLS HELD IN 2014

Fire drills were conducted on October 9, 2014. The drills test and evaluate our monitoring systems, dispatch response times, mass notification capabilities, device hardware functionality, how quickly students responded/evacuated and how knowledgeable students are of the evacuation procedure. Two days prior to fire drills, each apartment unit/occupant was given a supplemental evacuation policy and information explaining what to do in the event of an alarm, where to assemble, etc.

EVACUATION PROCEDURES
Students, employees and guests evacuating during an alarm are instructed to exit using the nearest door and stand back a minimum of fifty feet from the structure, and to make way for responding emergency personnel. For the purpose of including statistics in the annual fire safety report, fires should be reported to the on-duty RAs or the Housing Manager.

Residents are restricted from returning to the building until an all-clear has been issued by authorities and the bells/horns have been silenced. During extreme weather, temporary shelter is offered by going next door to the Maintenance Facilities Warehouse Building. For extended periods of time temporary living arrangements will be made by moving students into other housing units, either on campus or at local hotels.

REPORTING A FIRE
Incidents of active fire are reported to the Valdez Police or by calling municipal responders at 911. For the purpose of including statistics in the annual fire safety report, fires should be reported to the on-duty RA or the Housing Manager. A subsequent notification would then be made to the Administrative Services Director, and/or Campus Safety Committee for incident management.
