**BILL NO.** HB077

**Analysis**

Based on the current primary election structure, the division is required to print three ballot styles for each primary election. This bill would require the division to print only one ballot style for each primary election. The division estimates printing 100,000 less primary election ballots which would result in a cost savings of \$34.0. This would be a reduction in the division's on-year election increment.
