BILL NO. HB 266

Analysis

HB 266 defines the prescribing authority a Naturopath has with a medicine derived from the extract of a plant, tree, root, moss, fungus, or other natural substances.

The travel costs are to convene two naturopath prescription drug task force meetings per year for the purpose of promulgating regulations. The makeup of the task force will be licensees from Naturopaths, Medical Board, Pharmacy Board, and divisional personnel for committee support. Committee members will be reimbursed for travel expenses, but otherwise volunteer. The task force will have the defined goal of assisting the division in promulgating regulations to implement HB 266 and then be dissolved.

The change in revenues reflects that department is required in AS 08.01.065 to establish fees so the total amount collected for an occupation approximately equals the actual regulatory costs for the occupation.
