**BILL NO.** HB035

**ANALYSIS CONTINUATION**

HB35 would amend existing state statutes regarding the requirement of parental notice and consent to be given if a person under age 17, who is unmarried, unemancipated, and pregnant, intends to obtain an abortion. The bill prohibits a person from performing an abortion unless the requisite parental notice and consent is provided or the person qualifies for an exception to those requirements. The bill also enacts new provisions of law regarding coercion of a minor who is pregnant and regarding certain reports that must be filed by physicians.

If this bill is enacted there would be a zero cost of implementation to the department. Should a legal challenge be mounted, especially of a constitutional nature, there would be costs in defending the provisions of this bill. Costs of defending legislation may arise with any legislature and often can not be anticipated; however, the department has previously defended the constitutionality of similar legislation. Those efforts approached \$500,000 in addition to the payment of a court ordered award of \$940,000 in costs and fees to the plaintiffs in the case.
