Name: B. Kaleem Muriddin

Address:

200 West 34th Ave, # 992

Anchorage AK, 99503

Phone Number: (907) 274-7900

During the 2009 State Legislature, Senate Bill 1 is sponsored by Senators Bill WIELECHOWSKI, Johnny ELLIS, Joe THOMAS, and Bettye DAVIS. This very important Bill could increase Alaska's minimum hourly wage from it's current \$7.15 to a potential \$8.75 per hour. Once increased, the minimum wage will be adjusted annually (every year) according to a determined rate of inflation. I support this piece of legislation and would like the Senate sponsors, and other like-minded Senators, to vote for this increase. Here are my reasons why:

As we support increase wages
to the lower earnings, it will
both assist them in economic
advancement, it also stimulates
the entire economy due
to the circulation of
increase spending.

Letter in Support of Increasing Minimum Wage

Name: Crystal Platt

Address: 19167 -C Campos Ave

Elmendorf AFB, 99506

Phone Number: 644-9906

During the 2009 State Legislature, Senate Bill 1 is sponsored by Senators Bill WIELECHOWSKI, Johnny ELLIS, Joe THOMAS, and Bettye DAVIS. This very important Bill could increase Alaska's minimum hourly wage from it's current \$7.15 to a potential \$8.75 per hour. Once increased, the minimum wage will be adjusted annually (every year) according to a determined rate of inflation. I support this piece of legislation and would like the Senate sponsors, and other like-minded Senators, to vote for this increase. Here are my reasons why:

It will help people deal
with the high cost of living
due to the declining
economy.

Thank you for taking my thoughts into consideration. I am a registered voter. If you have any questions, please call me at the above number.

- More pay = ~~more~~ teens just starting to work
would make them want to work more
- As a student, ~~hard~~ find it hard to find
well-paying jobs. If minimum wage is
increased so is campus pay.

I have seen many college students working
minimum-wage and struggling to pay off all their
expenses and educational costs, not to mention food or
housing. An increase to \$8.75 would greatly help
young adults who^{are} struggling financially ~~and~~ and balancing
school with work. Since they will provide the future workforce
in Alaska, I strongly support an increase in minimum wage.
