ANALYSIS: *(Attach a separate page if necessary)*
 If the Governor determines that public safety or health conditions in an area of the state require emergency assistance, the Governor can utilize state transportation assets to deliver compassionate aid. This legislation would provide that the Alaska Railroad Corporation would not be liable in tort for damages, for the injury to or death of a person, or property damage resulting from assistance provided. Because the Alaska Railroad does not receive state funding for operations or capital improvements, HB 114 would not provide a railroad related cost to the state. The cost to provide this service to the Alaska Railroad would depend on the number of rail cars and locomotive power needed, crew requirements, and the destination.
