Subject: Hr 155

Sir

I was born in the territory and raised in the state of Alaska. I find HR 155 to be harmful and degrading to all intelligent citizens of our great state. I know a bill like this places a downward spiral to our economy. The less you pay the masses the less they will spend in the community. I believe this measure was born in some sort of hatred for the well being of our standard of living. Please kill the bill HR155 Sent from my iPhone

Sir
I sent the e-mail that started "I was born in the territory and raised in the state. I realize in my urgency to express my thoughts I failed to identify myself. I am Stephen Hennessey. I am a 57 year blue collar resident. By the way I vote what is good for Alaska not parties.
Please kill HR155
Thanks
Stephen W. Hennessey
