FISCAL NOTE

STATE OF ALASKA
2011 LEGISLATIVE SESSION

BILL NO. HB215

Analysis

Current Alaska statutes limit challenges of pipeline right-of-way leasing decisions to lease applicants, competing applicants and persons with a direct financial interest who raise an objection within 60 days a right-of-way lease application is noticed; and restrict the grounds for judicial review to procedural errors. HB 215 would amend existing statutes to impose the same limits on judicial review, including the requirement to raise an objection within 60 days of notice of the initial lease application, to all permitting and licensing decisions associated with development and construction of a pipeline that uses a state right-of-way.

There would be no fiscal impact on the Department of Natural Resources.
