BILL NO. HB 002

Analysis

This bill would require that APFC divest any securities of publicly traded companies that are held in actively managed separate (non-commingled) funds. This bill would also require that APFC send letters to managers of actively traded commingled funds requesting that they consider divesting the listed securities. APFC investment and finance staff will be able to absorb the compliance and correspondence activities into their regular workload. APFC will not incur any administrative costs in developing the divestment list, as the Commissioner of Revenue is responsible for this task under the proposed legislation.
