**Department of Environmental Conservation
Spill Prevention and Response Results Delivery Unit
Contaminated Sites Program Component**

Subject of RPL: Contaminated Sites Program	ADN/RPL #: 18-4-0380
Amount requested: \$ 959,500	Appropriation Authority: Sec1,Ch 14, SLA 2013, pg 13, ln31
Funding source: \$959,500 Federal Receipts (1002) Operating	Statutory Authority: AS 46.03.020

PURPOSE

The Department of Environmental Conservation requests additional federal receipt authority for the Division of Spill Prevention and Response, Contaminated Sites Program component, to issue contracts for the cleanup and oversight of cleanup activities of military facilities, formerly used defense sites, and other federally contaminated sites. Remediating contaminated sites benefits Alaskans by reducing risks to human health and the environment.

Additional federal receipts are available in FY2014 from multiple federal agencies including Department of Defense, US Coast Guard, Federal Aviation Administration, and Bureau of Land Management. For example, the US Air Force plans to implement multiple performance-based remediation contracts totaling more than \$100 million at the former Galena Forward Operating Location and Eielson Air Force Base. A similarly large contract has already been awarded for Joint Base Elmendorf-Richardson. Likewise, the US Army is conducting sampling and analysis to assess vapor intrusion into new housing built on Ft. Wainwright. To ensure these agencies comply with state regulatory standards, the State must exercise regulatory oversight over such cleanup activities.

PREVIOUS LEGISLATIVE CONSIDERATION

The Contaminated Sites Program received \$350.0 additional federal receipt authority in FY2012 as a result of the LB&A meeting on December 5, 2011(RPL 18-2-0382) and subsequently requested \$550.0 additional federal authority in the FY2013 operating budget. Those receipts have been utilized for work on the Galena airport; military munitions sites in Cape Newenham, Cape Romanzof, and others; on-going cleanup activity at Eielson Air Force Base, Fort Greely, and Port Heiden; and reuse of important community sites such as the former Joseph Guy Community Center in Kwethluk.

TIMING ISSUES

The Contaminated Sites Program component's Conference Committee FY2014 budget totals \$8,474.1 with \$4,557.5 in federal authorization. The Spill Prevention and Response appropriation's Conference Committee FY2014 budget totals \$19,829.8 with \$4,907.2 in federal authorization. An additional \$24.2 of federal authority is authorized for the Alaska State Employees Association one-time payment for a total federal budget of \$4,931.4 for FY2014.

Increased federal funding was made available to the Contaminated Sites Program on July 1, 2013, but the program lacks sufficient federal receipt authority to accept these funds. Additional federal receipt authority is required in FY2014 to accomplish priority cleanup work of federal sites.

BUDGETARY ISSUES

Increased federal receipt authority will allow the program to advance its mission of protecting human health and the environment by managing the cleanup of contaminated soil and groundwater in Alaska. No general funds or response funds are required for this work. Corresponding federal receipt authority may be requested in the FY2015 budget. No new positions are required at this time.

***Legislative Fiscal Analyst Comment:* There are no technical issues with this RPL. These funds will be for contractual services to assist in the FY14 contaminated site clean up efforts. Federal funding has already been awarded and availability of funds is unaffected by the October 1, 2013 federal budget situation.**

 Division of Behavioral Health
 Behavioral Health Administration Component and

Subject of RPL: Alaska Partnership Project	ADN/RPL #: 06-4-0241
Amount requested: \$949,912	Appropriation Authority: Sec 1, Ch14, SLA2013, pg 18, ln29 Sec 1, Ch 14, SLA 2013, pg 19,ln9
Funding source: \$949,912 Federal Receipts (1002), Operating	Statutory Authority: AS 44.29.020(7), AS 47.30

PURPOSE

The Department of Health and Social Services, Division of Behavioral Health, requests \$949,912 in federal authorization for a multi-year grant with the Substance Abuse and Mental Health Services Administration Center for Substance Abuse Treatment (SAMHSA). Funds will be used to expand use of two evidence-supported practices: Parenting with Love and Limits (PLL), and the Transition to Independence Process (TIP), and will refine the practices for village settings and Alaska native populations to address disparities. The project will deliver high quality treatment, family therapy, and in-home services to adolescents and their families and engage youth of transition age in treatment and support services in Alaska.

Legislative Fiscal Analyst Comment: About \$950,000 of federal funds per year (with no match requirement) will be available for four fiscal years (FY14-FY17) to start the “Alaska Partnership Project.” The Committee may wish to ask what the department plans to do if the funding is not available in FY18 and beyond and how much funding is currently in the budget for the Parenting with Love and Limits (PLL), and the Transition to Independence Process (TIP) programs.

The priority population will be adolescents and transition age youth aged 12 to 24 years old who experience substance abuse and serious emotional and behavioral disorders and their families. In addition, the project will target rural and Alaska Native youth and youth who are at risk of moving into treatment that is more restrictive and/or out of their homes and communities due to complex and co-occurring diagnosis and behaviors. The Parenting with Love and Limits and Transition to Independence Process programs result in outcomes including abstinence from substance abuse, improved mental health, decreased involvement with juvenile justice or running from home, increased educational and vocational attainment, and expanded social supports. Family outcomes include addressing parenting skill deficits, creating a sense of community, and lowering parental resistance to using outside expertise and services.

PREVIOUS LEGISLATIVE CONSIDERATION

There is no previous legislative consideration for this request.

TIMING ISSUES

The Behavioral Health Administration component’s Conference Committee FY2014 budget totals \$11,738.0 with \$2,907.3 in federal authorization. The Services for Severely Emotionally Disturbed Youth component’s Conference Committee FY2014 budget totals \$15,806.7 with no federal authorization.

Funding for this program was unanticipated. The Transition to Independence Process Notice of Award was issued August 26, 2013, and received by the Division of Behavioral Health on September 4, 2013. The budgeted federal authorization has been sufficient in past years. However, this new multi-year federal award cannot be absorbed within existing authorization. Without increased federal authorization, the division will be unable to utilize the federal grant funds awarded. The Project Period for this grant is 9/1/2013 thru 8/31/2017. The Budget Period for the first year of funding is 9/1/2013 thru 8/31/2014.

BUDGETARY ISSUES

This funding fits into the Behavioral Health goal to enhance the quality of life for Alaskans experiencing a serious emotional disturbance, a serious mental illness, or a substance use disorder. The Department of Health and Social Services has contracts with Dr. Scott Sells for the Parenting with Love and Limits program and with STARS Behavioral Health Group for the Transition to Independence Process program. Grant-funded pilot projects have already been established. The Alaska “Partnership” project will assist the Department of Health and Social Services to leverage these on-going pilot projects and reach the critical mass to develop a system that can support long-term sustainability. This project will create an urban training hub to implement the services and to deliver and coordinate training using telemedicine and distance technologies. It will also support a rural provider to establish a village hub with scattered remote sites to deliver services.

The proposed budget includes the following funding breakdown by:

Travel	\$ 45,912 (Behavioral Health Administration Component)
Contractual	\$220,000 (Services for Severely Emotionally Disturbed Youth Component)
<u>Grants</u>	<u>\$684,000</u> (Services for Severely Emotionally Disturbed Youth Component)
Total	\$949,912

Legislative Fiscal Analyst Comment: Typically, an RPL addresses only one allocation. Rather than asking for one RPL for each allocation, Legislative Finance will create two transactions upon committee approval of this RPL—one for \$904.0 in the Severely and Emotionally Disturbed Youth allocation and one for \$45.9 in the Behavioral Health Administration allocation.

The department has not spent any of the federal award. The department is considering an increase in federal receipt authorization for the FY2015 budget request.

Approval to receive this grant award will not impact future general fund requirements.
