Subject: FW: GCSD Expense Per Student Information

Good morning, Chris,

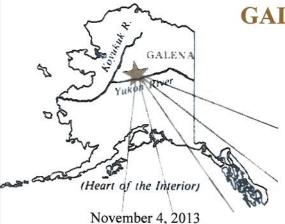

Thank you forwarding your letter explaining two major challenges that Galena City School District is facing in regards to its educational funding as well as your cost breakdown per pupil. I appreciate the effort that you spent on the calculations.

I have attached a similar breakdown prepared by the Department of Education and Early Development and submitted by Randy Hawk, Director of Mt. Edgecumbe, in response to Senator Dunleavy's requests for a cost per Mt. Edgecumbe student.

It appears that you and the Department of Education may be calculating the costs for your residential students differently. Can you help me understand the difference?

Thanks, Chris. I appreciate your help.

Sheila

Re: Senate Finance - Education Subcommittee Presentation

Dear Senator Dunleavy;

Galena City School District (GCSD) thanks you and your staff for providing us the opportunity to present to the Senate Finance – Education Subcommittee hearing on October 30, 2013. GCSD is appreciative of being allowed to share with the subcommittee the different ways GCSD has developed choice options for the families we are serving from around the state of Alaska.

Enclosed with this letter is a document that outlines the projected costs per pupil for FY 14 for students in each of our programs. GCSD is proud that we have been able to maximize state education monies to provide high quality educational choice options for our families at the lowest overall cost per pupil of any district in the state.

It is also important to remind the subcommittee of two major challenges that GCSD is encountering when it comes to educational funding:

- 1. IDEA and all other state-wide correspondence programs are funded at 80% of the Base Student Allocation (BSA). All other schools receive state funding at 100% of the BSA with additional funding that includes special needs and CTE add-ons (special education, vocational, bilingual/bicultural, and CTE). IDEA is required to meet the same instructional need as other programs without the benefit of these additional add-ons. Furthermore, the cost of providing equitable service in some locations where families reside in Alaska far exceeds the funds generated by the 80% BSA calculation for IDEA and other state-wide correspondence programs.
- 2. Alaska Statute Sec. 14.16.200 provides residential life funding for districts operating residential educational programs that have been approved by the Alaska State Board of Education. However, the current funding provided under Sec. 14.16.200 only provides approximately 2/3 of the true residential life costs. Increasing the amount that is currently stipulated in Sec. 14.16.200 the additional 1/3 would more adequately provide for the true costs of housing 210 boarding school students. Furthermore this adjustment would ensure that monies GCSD receives for instructional purposes would remain dedicated to instruction and not be used to offset residential costs.

At Galena City School District we truly believe in providing the highest quality public education choices for families around the state. This commitment is embodied through our statewide correspondence/home-school program (IDEA), our statewide high school boarding school

(Galena Interior Learning Academy), and our local PreK-12th grade community school (SHS). We are very proud of the educational options that GCSD provides families from every region in Alaska, and we are constantly looking for effective ways to increase the choices we can offer ensuring well-rounded educational experiences for the students we are privileged to serve. By allowing statewide correspondence/home-school programs to receive special needs funding, and by allowing Sec. 14.16.200 to be adjusted to include another 1/3 of funding for state approved residential life programs, Galena City School District would be provided a much stronger foundation to offer more robust services for our special needs students enrolled in our IDEA program and to ensure continued development of strong CTE focused programs for our GILA students. With these adjustments GCSD could continue the development of high quality choice-based options for the students and families we are serving statewide. We welcome the opportunity to continue the dialogue with you and your staff regarding how we can continue increasing and improving our educational model in Alaska.

Thanks again for all that you have done to support education in Alaska. Your work is truly appreciated.

Yours in Education,

Chris Reitan, GCSD Superintendent Email: chris.reitan@galenanet.com

Galena City School District

Three Programs One Vision

Providing the highest quality school choice options for families in the state of Alaska

Our Mission

 Active, enthusiastic, and engaging teaching that inspires learning for every student, in every content area, every day

GCSD Offers

- Choices, opportunities, and resources
- · Caring, student-centered instructional and support staff
- Highly qualified teachers and industry experts in all content areas
- Industry certifications
- Dual high school/university credits
- Strong academic and college prep focus
- Strong Career and Technical Education (CTE) focus

District Facts

- Over 3,900 students state-wide
- A student body representative of every region in the state
- Largest school in the state (IDEA)
- Second largest and second longest operating boarding school in the state (GILA)
- Premier PreK-12th grade community-based school (SHS)
- Lowest overall cost per pupil expense of state public education monies of any district in Alaska

School	Expense per Pupil		Type of School
Sidney C. Huntington School	\$2	9,012	PreK-12 th grade community school serving students in Galena, AK
Galena Interior Learning Academy	Instruction	Residence Life	CTE focused high school boarding
	\$29,012	\$17,493	school serving students statewide
Interior Distance Education of Alaska	\$4	,493	Correspondence/home-school program serving PreK-12th grade students statewide
