Alaska Technical Vocational Education Program (TVEP)

In 2000, legislation was enacted establishing the Alaska Technical Vocational Education Program. Recipients of TVEP non-competitive grant funds are part of a statewide vocational training system, working together with industry and state agencies to provide a comprehensive and unified response to Alaska's training needs.

TVEP funds must be used for technical and vocational training programs that align with workforce regional demands and the Alaska Workforce Investment Board's industry priorities. The AWIB's policy on vocational and technical education entitled "[Alaska's Future Workforce Strategic Policies and Investment Blueprint](#)" describes Alaska's framework and guiding principles for development of technical and vocational education within Alaska's workforce development system.

Current Division of Business Partnerships TVEP Grantees

Alaska Technical Center – Kotzebue
 New Frontier Vocational Technical Center - Soldotna
 Northwestern Alaska Career & Technical Education Center - Nome
 Partners for Progress Delta – Delta Junction
