The U.S. Tentative List (Complete Text)

Note: Complete text downloaded from US/ICOMOS gopher site.

Under the terms of the World Heritage Convention, each signatory nation is asked to submit to the World Heritage Committee a tentative list of properties, which it intends to nominate for inscription to the World Heritage List during the following five to ten years. This tentative list constitutes the "Inventory" (provided for in Article 11 of the Convention) of the cultural and natural properties situated within the territory of each State Party and which is considered suitable for inclusion in the World Heritage List. The purpose of these tentative lists is to enable the Committee to evaluate within the widest possible context the "outstanding universal value" of each property nominated to the List.
