FISCAL NOTE ANALYSIS

STATE OF ALASKA
2014 LEGISLATIVE SESSION

BILL NO. HB376

Analysis

HB 376 extends the Alaska Health Care Commission's (AS 18.09.010) sunset date by three years, from June 30, 2014 to June 30, 2017.

Analysis:

The commission was established in FY2011 to recommend policies to improve quality, affordability and access to health care and to identify strategies for improving the health of all Alaskans. Their approach has been to study current conditions of Alaska's health care market, and design market-based strategies and policies that enhance the consumer's role in health and health care.

Assumptions:

- Current appropriation level of \$500.0 (\$165.0 Fed/\$335.0 GF match) will remain the same;
- Current staff levels (2) will be maintained; and
- Annual expenditures for Personal Services, Travel, Contractual, and Supplies will remain relatively constant for FY2015 through FY2017
