## **REPRESENTATIVE Paul Seaton**

District 30

### **Explanation of changes between HB 89 and CS HB 89 (RES)**

- House Fisheries Committee, at the request of ADF&G, replaced the word “department” with “State, its employees and agents” in the context of the hold-harmless clause for actions in the eradication of invasive species that affect private property (page 2, line 18).
- House Resources Committee deleted “agents” from the hold harmless and modified the language to read “state and the officers and employees of the state.” There was concern that the addition of contractors created too broad of a hold-harmless clause.
