## FISCAL NOTE ANALYSIS

STATE OF ALASKA  
2014 LEGISLATIVE SESSION

BILL NO. CSSB 66(JUD)

### Analysis

This bill broadens the imitation controlled substance laws to include any substance. Therefore, it would be illegal to represent any substance as a controlled substance.

This change will affect several statutes which range from class A misdemeanors to class B felonies. Class A misdemeanors are punishable by a term of imprisonment of not more than one year and class B felonies are punishable by a term of imprisonment of not more than 10 years. At the current daily cost of care, the Department could see an impact ranging from \$0.0 (no time served) to \$57,914.55 for a class A misdemeanor or \$0.0 (no time served) to \$579,145.5 for a class B felony for each offender convicted under this legislation.

The Department of Corrections anticipates minimal to no fiscal impact with passage of this legislation. At this time the department does not have information to quantify the number of potential offenders or length of sentence this legislation would create and will continue to monitor for future impacts.
